REVIEW OF DESCARGAR MAESTRO DEL ORGASMO DE RAFAEL CRUZ EBOOK

- I really appreciate that this book is not a woman or a man's perceived differences between the sexes. She went to significant lengths to run statistically sound surveys that allow her to directly point to what men say about things. It is insightful and will help you get a glimpse into your man and how he processes the things you say and do.
- I have been married for 3 years, and

I've began to notice me and my husband bickering more than usual. We weren't fighting, just not making each other as happy as we had been just a few years earlier. I really found that the information in this book helped me keep in perspective how different men and women really are and it helped me think about what I was saying or doing that could be taken the wrong way by my husband. I reccommend this book for any married woman that really wants to understand their husband the way God

intended. I also think that it would be a great book for Pastors to use for Marriage Counselling; very easy to read and up to date. My husband also has the Male version of this book and he is finding it helpful but he did comment that he found the information a little repetitive. I only read parts of the book so I wouldn't know for sure. In any case I think this is a great book and it would do a woman great to read it and begin to appreciate her husband again.
