REVIEW OF MONEY BANKING INTERNATIONAL TRADE AND PUBLIC FINANCE 10TH EDITION

- "The Scarlet Letter" is a book that will leave a reader wanting more after every page, being one of the most addicting books on the shelf. Through trials of morality and sin, it expresses every facet that the human mind wonders to when faced with decisions of "right" and "wrong". Hawthorne truly captures the senses and amazes by expressing the battle of moral punishment vs. understanding. As

the scarlet letter burns upon Hester Prynne's chest, one truly feels as if they are thrust into the same situation of having to wear their own sin in plain sight. Still the question remains to the reader: who has done the most wrong, Hester or those that punish her so harshly? But as the book reads on, the main question becomes unimportant, and the true question hidden in the text is seen: It is not who has done the most wrong, but are the morals of the time too strict and in need of progression?

- I liked the book. It incorporated many different angles into a fairly short novel (its about 250 pages.) Despite what you might expect, and what some might tell you, it is not at all difficult to understand the book. Its language isn't so different from today's as to be unreadable, or need footnotes, such as Dickens and Shakespeare. As far as plot goes, it was very good; straightforward, yet not overly simple. Hawthorne also managed to sneak commentary about the Puritan lifestyle, especially regarding the view of "sin." One of the book's flaws however, was its characters. The villain was relatively passive, yet he was portrayed as this horrible, detestable person. His victim, who was probably worse than his "tormentor" was portrayed as sympathetic. The "bad guy" was fairly unrealistic in his passiveness, as the victim was highly exaggerated in his suffering. The two come off as rather contrived. But, some more real characters, such as the daughter, serve to make up for this. Overall, this is a very good book. I'd recommend it for anyone interested in reading the classics, or who enjoys 19th century literature.
