REVIEW OF LA R BLICA DEL SELFIE DALLA MEGLIO GIOVENT A MATTEO RENZI

- If you can find one buy it. Well illustrated and great for the beginner as well as experienced fly tyers.
- Fromm does a great job of reviewing the various "types" of Love and providing the characteristics of each. His review clarifies what purpose each kind of love serves in our lives. The book is an exceptional treatise on this most elusive topic. It's a very rational breakdown of

what it is to love, what it means to each of us to love, and how it serves us (and the world) to love. This isn't a Leo Buscalia book, but rather a very good compliment to one. This book is more an analysis of fundamental principles involved in love and loving. It's an in depth discussion, not a collection of stories. But it is very unique in a field of less thought provoking (but good feelings) books. If you are a thinker, and still want to be a feeling person, the book can help you. For the mind, this is clarity. The book will help you get your mind out of the way so you can begin feeling - because it will teach your mind what your heart is trying to say.
