### The Concise History of the Crusades BookRix

An 'internal' crusade is defined as a holy war authorized by the pope and fought within Christian Europe against those perceived to be foes of Christendom, either to recover property or in defense of the Church or Christians. This study is therefore not concerned with those crusades authorized against Muslim enemies in the East and Spain, nor with crusades authorized against pagans on the borders of Europe. Up to now these crusades have attracted relatively little attention in modern British scholarship. This in spite of their undoubted European-wide significance and an increasing recognition that the period 1198-1245 marks the beginning of a crucial change in papal policy underpinned by canon law. This book discusses the developments through analysis of the extensive source material drawn from unregistered papal letters, placing them firmly in the context of ecclesiastical legislation, canon law, chronicles and other supplementary evidence. It thereby seeks to contribute to our understanding of the complex politics, theology and rhetoric that underlay the papacy's call for crusades within Europe in the first half of the thirteenth century.

This timely reissue of Richard Hofstadter's classic work on the fringe groups that influence American electoral politics offers an invaluable perspective on contemporary domestic affairs. In *The Paranoid Style in American Politics*, acclaimed historian Richard Hofstadter examines the competing forces in American political discourse and how fringe groups can influence — and derail — the larger agendas of a political party. He investigates the politics of the irrational, shedding light on how the behavior of individuals can seem out of proportion with actual political issues, and how such behavior impacts larger groups. With such other classic essays as “Free Silver and the Mind of 'Coin' Harvey” and “What Happened to the Antitrust Movement?”, *The Paranoid Style in American Politics* remains both a seminal text of political history and a vital analysis of the ways in which political groups function in the United States.

Gibbon offers an explanation for why the Roman Empire fell, a task made difficult by a lack of comprehensive written sources, though he was not the only historian to tackle the subject. Most of his ideas are directly taken from what few relevant records were available: those of the Roman moralists of the 4th and 5th centuries.

This sweeping yet succinct new survey introduces readers to the history of the crusades from the eleventh to the twenty-first century. By synthesizing a variety of historical perspectives, the book deliberately locates crusading in the broader history of the Mediterranean, moving away from approaches focused primarily on narrating the deeds of a small section of the Latin Christian elite to explore the rich and contested complexity of crusade history. Table of Contents Introduction: What Were the Crusades? 1) Connections and Conflicts in the Eleventh-Century Mediterranean 2) Constructing the First Crusade: Contexts, Events, and Reactions 3) Shifting Ground: Crusading and the Twelfth-Century Mediterranean 4) Allies and Adversaries: Crusading Culture and Intra-Christian Crusades 5) Changing Circumstances: Crusading in the Thirteenth Century 6) Towards Christian Nationalism: Crusading into the Early Modern Period 7) Conclusion: Have the Crusades Ended?

Lavishly illustrated with over 300 pictures, including more than 200 in full color, *The Oxford History of Islam* offers the most wide-ranging and authoritative account available of the second largest--and fastest growing--religion in the world. John L. Esposito, Editor-in-Chief of the four-volume *Oxford Encyclopedia of the Modern Islamic World*, has gathered together sixteen leading scholars, both Muslim and non-Muslim, to examine the origins and historical development of Islam--its faith, community, institutions, sciences, and arts. Beginning in the pre-Islamic Arab world, the chapters range from the story of Muhammad and his Companions, to the development of Islamic religion and culture and the empires that grew from it, to the influence that Islam has on today's world. The book covers a wide array of subjects, casting light on topics such as the historical encounter of Islam and Christianity, the role of Islam in the Mughal and Ottoman empires, the growth of Islam in Southeast Asia, China, and Africa, the political, economic, and religious challenges of European imperialism in the nineteenth and twentieth centuries, and Islamic communities in the modern Western world. In addition, the book offers excellent articles on Islamic religion, art and architecture, and sciences as well as bibliographies. Events in the contemporary world have led to an explosion of interest and scholarly work on Islam. Written for the general reader but also appealing to specialists, *The Oxford History of Islam* offers the best of that recent scholarship, presented in a readable style and complemented by a rich variety of illustrations.

This complete history of the First Crusade places particular emphasis on using eye witness accounts of the happenings as its source. Author August Krey notes that the eye witness accounts written during the time of the Crusades were really the first time since the fall of the Roman Empire that we derived information about life, societal culture and norms in the Middle Ages in Europe. Krey uses this influx of writings to construct an accurate and detailed history of the origins and happenings of the First Crusade.

**Blood and Faith** Fordham University Press

The story of how a group of warriors, driven by faith, greed and wanderlust, carved out new Christian-ruled states in the Middle East is one of the most extraordinary of all epics. The crusaders' stunning initial success started a sequence of great Crusades, each with its own story, that fundamentally shaped the Christian and Muslim worlds for two centuries, until the last Crusader castles were finally expunged. The energy and commitment that sent army after army into the eastern Mediterranean also led to the invasion and conversion of Central and Baltic Europe, Spain, Portugal, the destruction of the Cathars in Provence and the settlement of America. Told with great verve and authority, God's War is the definitive account of a fascinating but also horrifying story. 'We are still living with the images and legends of the crusades...Tyerman tells us how the Church set about preaching the crusades, exploiting the perennial pessimism and guilt of the European nobility of the Middle Ages. He shows how crusading ideology penetrated the religious sensibility of the period, as well as its secular fiction and poetry...Of all the modern histories of the crusades it is the shrewdest, the most reliable and the most complete.' – The Spectator

In April 1609, King Philip III of Spain signed an edict denouncing the Muslim inhabitants of Spain as heretics, traitors, and apostates. Later that year, the entire Muslim population of Spain was given three days to leave Spanish territory, on threat of death. In a brutal and traumatic exodus, entire families and communities were obliged to abandon homes and villages where they had lived for generations, leaving their property in the hands of their Christian neighbors. In Aragon and Catalonia, Muslims were escorted by government commissioners who forced them to pay whenever they drank water from a river or took refuge in the shade. For five years the expulsion continued to grind on, until an estimated 300,000 Muslims had been removed from Spanish territory, nearly 5 percent of the total population. By 1614 Spain had successfully implemented what was then the largest act of ethnic cleansing in European history, and Muslim Spain had effectively ceased to exist. Blood and Faith is celebrated journalist Matthew Carr's riveting chronicle of this virtually unknown episode, set against the vivid historical backdrop of the history of Muslim Spain. Here is a remarkable window onto a little-known period in modern Europe—a rich and complex tale of competing faiths and beliefs, of cultural oppression and resistance against overwhelming odds.

Pulitzer Prize Board citation to Ida B. Wells, as an early pioneer of investigative journalism and civil rights icon From a thinker who Maya Angelou has praised for shining “a brilliant light on the lives of women left in the shadow of history,” comes the definitive biography of Ida B. Wells—crusading journalist and pioneer in the fight for women’s suffrage and against segregation and lynchings Ida B. Wells was born into slavery and raised in the Victorian age yet emerged—through her fierce political battles and progressive thinking—as the first “modern” black women in the nation’s history. Wells began her activist career when she tried to segregate a first-class railway car in Memphis. After being thrown bodily off the car, she wrote about the incident for black Baptist newspapers, thus beginning her career as a journalist. But her most abiding fight would be the one against lynching, a crime in which she saw all the themes she held most dear coalesce: sexuality, race, and the law.

*The Crusades* Bloomsbury Publishing

In 1482, Abu Abdallah Muhammad XI became the twenty-third Muslim King of Granada. He would be the last. This is the first history of the ruler, known as Boabdil, whose disastrous reign and bitter defeat brought seven centuries of Moorish Spain to an end. It is an action-packed story of intrigue, treachery, cruelty, cunning, courtliness, bravery and tragedy. Basing her vivid account on original documents and sources, Elizabeth Drayson traces the origins and development of Islamic Spain. She describes the thirteenth-century founding of the Nasrid dynasty, the cultured and stable society it created, and the feuding which threatened it and had all but destroyed it by 1482, when Boabdil seized the throne. The new Sultan faced betrayals by his family, factions in the Alhambra palace, and ever more powerful onslaughts from the forces of Ferdinand and Isabella, monarchs of the newly united kingdoms of Castile and Aragon. By stratagem, diplomacy, courage and strength of will Boabdil prolonged his reign for ten years, but he never had much chance of survival. In 1492 Ferdinand and Isabella, magnificently attired in Moorish costume, entered Granada and took possession of the city. Boabdil went into exile. The Christian reconquest of Spain, that has reverberated so powerfully down the centuries, was complete.
