### Gold set B. Blink

Gordion is frequently remembered as the location of an intricate knot ultimately cut by Alexander, but in antiquity it served as the center of the Phrygian kingdom that ruled much of Asia Minor during the early millennium B.C.E. The site lies approximately seventy kilometers southeast of Ankara in central Turkey, at the intersection of the great empires of the East (Assyrians, Babylonians, and Hittites) and the West (Greeks and Romans). Consequently, it occupied a strategic position on nearly all trade routes that linked the Mediterranean and the Near East. The University of Pennsylvania has been excavating at Gordion since 1950, unearthing a wide range of discoveries that span nearly four millennia. The vast majority of these artifacts attests to the city's interactions with the other great kingdoms and city states of the Near East during the Iron Age and Archaic periods (ca. 950-540 B.C.E.), especially Assyria, Urartu, Persia, Lydia, Greece, and the Neo-Hittite city-states of North Syria, among others. Gordion is thus the ideal centerpiece of an exhibition dealing with Anatolia and its neighbors during the first millennium B.C.E. Through a special agreement signed between the Republic of Turkey and the University of Pennsylvania, Turkey has loaned the Penn Museum more than one hundred artifacts gathered from four museums in Turkey (Ankara, Gordion, Istanbul, and Antalya) for an exhibition titled The Golden Age of King Midas. The exhibition features most of the material recovered in Tumulus MM, or the "Midas Mound" (ca. 740 B.C.E.), which was the burial site of King Midas's father, as well as a number of objects found in a series of Lydian tombs. The Turkish loan has made possible a uniquely comprehensive and elaborate exhibition that also features a disparate group of rarely seen objects from the Penn Museum's own collections, particularly from sites in the Ukraine, Iran, Iraq, Turkey, and Greece. With the historic King Midas (ca. 740-700 B.C.E.) as its guiding theme, the exhibition illuminates the relationships Phrygia maintained with Lydia, Persia, Assyria, and Greece. The accompanying catalog includes full-color illustrations and essays that expound on the sites and objects of the exhibition.

## REVIEW OF KING MIDAS AND THE GOLDEN TOUCH SHORT STORY PDF

- The Long Dark Tea-Time of The Soul is the second novel in the Dirk Gently series and, for me, it is even less memorable. Adams' ridiculousness is stronger here than in any of his other books (excluding The Salmon of Doubt of course) and I found it to be a bit annoying. Still, you can't help but enjoy the nonsense plot and intelligent writing style. Douglas Adams fans who liked the first Dirk Gently novel should enjoy this as well, but, for me, reading Adams is like watching a movie that is so set on getting laughs that they force in jokes and hilarious plot twists so much that it almost wears out your sense of humor after a while.

- Phillips has a lot to answer for, given his early career as a neocon apologist, but he has come a long way. It can be argued, however, that his background lends some measure of credibility to his later work. It certainly suggests intellectual honesty and in this volume he ties up a lot of loose ends. The confluence of religion, oil and power isn't new, but it appears to have become an overwhelming force in world politics. (I know I was surprised, but probably shouldn't have been, to discover Billy Graham's close connection to big oil, as far back as the 1950s - see The Prince of War: Billy Graham's Crusade for a Wholly Christian Empire Reading Phillips in conjunction with Jared Diamond's Collapse: How Societies Choose to Fail or Succeed should be enough to keep anyone awake at night. We are living in very dangerous times, and Phillips comparison of our economic straits with those that felled past empires is enough to make one contemplate divestiture and emigration.
