REVIEW OF QUEST FOR THE TREE KANGAROO COMPREHENSIVE TEST

- Having purchased MS Press' FP 97 book to learn FP in a hurry, I was left a little disappointed. I think the book represented the fact that FP 97 itself needed improvement. I upgraded to FP 98 finally, and borrowed the Running MS FP 98 book from my company's MIS manager and after using it for 3 days, I

just told him I was going to keep it. In fact, if it solves my current dilemma I may bronze this book. That is why I visited Amazon, I need to buy another copy for him, b/c he won't be able to expense another one. This book goes into much more detail in every topic I've explored so far. I was impressed by the info on the security of FP including detailed discussions about IIS and NT itself. The tips are great!ts

- Another great book by Kristin Hannah. I recommend her books to anyone who likes to read a good book that will keep you spellbound from beginning to end. **TOTALLY AWESOME!!!!!!!**
