REVIEW OF KIDS BOX LEVEL 6 PUPILS BOOK BY CAROLINE NIXON

- I have been searching for a book such as this. This book had me alternately laughing and almost crying because every single page had something that I could relate to. I loved the use of real life family case history to illustrate what works and what is disastrous. Many practical solutions were offered to effect order back into your home. This book helped me tremendously to understand both what my son is going through and why I feel the way I do when communicating with him. Great wonderful resource, I've been telling other parents of gifted children that I know to run to the bookstore and get this.

- First of all, like any utopian vision, this book lacks life. Though I think that psychedelics (entheogens) can help some people to get in touch with a larger reality, I dont think that this holds true for everyone. For instance, personal transformation and inner-conflicts were treated simplistically. I did think the dynamic between the peaceloving people of Pala and its internal greedy members as well as outsiders who wished to exploit the island rang true. Would like to give this book a better review, but I can't. Thomas Seay
