REVIEW OF HARD LIMIT HACKER SERIES BOOK 4 KINDLE EDITION

• This book provides a fascinating glimpse into the lives of traditional (upper-middle class) Bengali women and their families. Roy presents a thorough analysis of the dynamics of extended family life in West Bengal. She begins with an exploration of the special bonds that develop between father and daughter, then moves on to how schooling and classic literature play a role in developing a young woman's idyllic view of married life. Later she contrasts that ideal with the reality of being a stranger competing with one's mother-in-law for the attentions of one's husband, and how this is tempered with the birth of children, especially sons. Finally, she discusses middle age and the later years, when the children have grown and women seek companionship from their sons or religious personages. In some respects, the dynamics that Roy describes here are probably generally found in any culture with a strong tradition of patrilineal extended families. Other aspects of life, particularly religious life, are more unique to Hindu and Bengali culture. The book was originally written some 30 years ago, and certainly there have been many changes in Bengali culture during this time. But even as a window into Bengali family life of the recent past, it a very interesting and well written study.
