## REVIEW OF SOLOS FOR YOUNG VIOLINISTS VIOLIN PART AND PIANO

- This is a very fine book. Eustace Mullins is an expert researcher. Previous to this book he was the FIRST person to reveal the true nature of the Federal Reserve (which has nothing to do with Federal). In this book he details the history of how control of the medicinal market has been won by the FDA and the AMA (and similar organizations in other Nations), and how the healing of citizens has been put in the hands of the Government rather than in the hands of the citizens themselves. Their choices for treatment have been downsized to that of Allopathic medicine, a way of treatment that is relatively new, only a few hundred years old, if at that, as compared to medicine that has been practiced for thousands of years. This book details the methods used by the Rockefellers to control the medicinal market to their advantage. It also guarantees a level of population control....read on! You will be surprised!

- You hear a lot of folks talk about doing what you love and the money will follow. I think that's true, but not the WHOLE truth. I've also heard it said that you should follow the fastest path to cash, THEN you get to live your passion. What I loved about Stephanie's book is that it demonstrates the importance of building your business in alignment with your values, your sense of purpose and your unique gifts. But it doesn't stop there. It goes on to outline HOW to do that, giving great examples from Stephanie's own business and life. I bought the book on a Friday, thinking it would be a good weekend read. I was at an ebb in my business and looking for inspiration. I couldn't put it down! I read straight through until 4am Saturday, then went back and worked my way through the exercises. It got me totally jazzed about my business again.
