REVIEW OF ARDUINO VOOR DUMMIES NEDERLANDS BBNC KIWI ELECTRONICS

- The writing did not grab, captivate or entice me to continue this story. I quit about the time little Timmy's friend Billy left the country...There may be a lot of action later on, but too much mundane detail drove me to skimming, then quitting instead of hanging in there for the Big Finish.
- This book is on of the most insightful and artistic book that is out there.If you are a pianist/piano teacher you have to own and read this book.In a way it is like a bible for piano playing.Heinrich Neuhaus was the greatest Russian teacher that basically made the Russian school of piano playing to be where it is today. His artistic approach to the music is extremely inspiring and any musician should at some point read this book.
