REVIEW OF 11 CLASS URDU COMPULSORY NOTES EASY COMPREHENSIVE ALL

- Eragon by Christopher Paolini was a great book! This book is about a young farm boy who is out hunting for meat for the winter when he find a beautiful sapphire stone. He trys to traid it in for money but he gets turned down. Eragon keeps the stone on his dresser, one morning a dragon hatches from the stone. A beautiful sapphire dragon. Eragon learns a lot about dragons and dragon riders from an old story teller in the town, he soon names the dragon Saphira. Eragon keeps Saphira a secret until one day the Ra'Zac kill his uncle.

Eragon then sets out on an adventure with only an ancient sword and an old story teller. He soon finds out he is the last of the dragon riders and the fate of the empire is up to him. This book was amazing, at first i admit it was pretty slow but once you get into it you can't put it down. I read this book fairly fast. I thought this was a great book and it had me jumping off my seat quite a lot. Eragon is filled with outstanding adventure that leaves you questioning the outcome of the book/

- I found this book LONG and predictable. Why is it that what would have made one pretty good book had to be stretched into three? (I'm sure money had nothing to do with that, huh.) I can't quite figure out what age audience this was written for either. It's way too long

and graphic for children. I don't think my 10 year old would want to read about an impaled baby or brains splattering. Yet I found the main character... boring. Wow, I mean some hero, he ran from every fight he encountered. I'm just not sure what he plans on writing about for two more books. If he thinks it will take anyone that long to figure out that Murtagh is his blood brother who will betray him, he carries the blade of Morzan, who is his father and it was his

mother Selena that had her fortune told by Angela and found out that her one of her sons would kill the other, he's wrong.... oh, and of course we all know Arya is an elven princess and the one who will have the whirlwind romance with Eragon....It's not the worst book I've ever read but it's not the best by far. Maybe I can get a book deal, I mean I could come up with a plot like this. I may even be able to stretch it into four books!! Hahaha
