analysis!

REVIEW OF 8824731503 IT19

- This is a scary book about the aftermath of an extreme right wing violent takeover of the USA. In the future, women are at first denied the access to their money, bank accounts and credit cards. Their resources are then turned over to and handled by their husbands and fathers. Then it gets worse. They are denied independence, education, and any sense of self worth. They are to be controlled. Meanwhile, environmental problems have destroyed the fertility of much of the population. And, so the "new powers that be"

have a solution. They take women that are believed to be fertile and assign them as handmaidens to high ranking families in the new order. Their value is solely for procreation. The heroine and her family want out and try to escape by crossing the border to Canada. The attempt fails and she loses everything of importance including her child.. who is taken and given to another family. The story unfolds with Offred, the heroine, being trained and then assigned to a high ranking family as the handmaiden. Here the new family traditions combine 20th century technology and old testament biblical customs. Her longing for her child and

husband and her old life never abate, even when she finds a way to resist through an underground anti-government resistance. While this is obviously fiction, it is easy to find current real life parallels. I'm not sure that the author was thinking of fundamentalist Muslims when she wrote this, but she could have been.

- I was forced to read this book in high school. It was boring and I could not relate to it at any level. Too much talk about emotions, feelings, etc and not enough action. But the worst part was that it trashes guys relentlessly, as if we would want to live in Atwood's Orwellian vision of the future either.
