REVIEW OF LIFE ORIENTATION MEMO EXAM PAPER GRADE 11

- Dune is old scifi with an excellent story line for its time. One might call it a classic of the genre. It has been reprinted many many times and one can find it used for minimal cost and most libraries have copies as well. Penguin publishing was previously one of my favorite publishers but now they are failing to adapt to the market conditions and alienating their customer base. While I don't say I'll never buy anything published by them again I do

closely scrutinize and have to be moved from an initial not buying position. All publishers are really going to need to become lean product development houses that do not attempt to lock author's works or customers dollars in. Doing the opposite will cause authors to go around publishing houses all together and customers will just acquire the product in other ways. The price of this kindle product is ridiculous and it is penguin's fault.

- I love sci-fi and the worlds great authors can create with words and a little imagination. And this is by far the best sci-fi book I have ever read and I'm sure will ever read in my life. One person said that this book was only good if you hadn't read many sci-fi books "(i.e. 18)" I read this book when I was 16 because my father suggested it to me. He waited till he believed I was old enough to understand and really comprehend the depth and meaning of the book. In my now 20 years I've read over 150 different sci-fi books and still nothing compares to DUNE. To all you people out there who don't understand this book or the characters or who have to flip back and forth to find out meanings of words (like the context clues weren't enough) then all of you must just be a little less intelligent than the rest of us because it takes someone with intelligence to understand the complexity of such an absolute masterpiece of literay genius. If you don't understand then I guess your mind just isn't intelligent enough to grasp or understand ideas such as honor, destiny, or even an idea or a cause that you feel strongly enough about to do something...then I can't and will never understand you people I just wish you could see what the rest of us do. I feel sad for you who can't understand this. I hope someday you will.
