[Illustrated Motorscooter Buyer's Guide](#) Fodors Travel Publications

In the beginning, there was the Big Bang, the molten masses cooled and the galaxies formed, life emerged from the seas, humans developed, and in 1902 the first motorscooter was created. It began with a Big Bang. It continues with a putt-putt. Scooters are funny. They are mechanical marvels on two wheels. Streamlined spuds. Mutant oddballs of Jet Age styling gone berserk. Innovative inventions shoehorned like sardines into miniaturized monocoque bodies. Engineering and styling enigmas, the stranger the better. They are two-wheeled pogo sticks, Italian hairdryers, Pushmans, dustbins on wheels, motorized lemons. Their names can be swear words, or their names can be uttered in worship by the faithful. They are the weird and the wonderful. They are the cute, the quaint, and the curious. Throughout the ages, motorscooters have meant different things to different folk. Scoots have been cheap transportation for people without enough pennies for a car. They have been rebellious hot rods for misunderstood Wild Ones. They have carried lovers and warriors, priests and poets, and many a movie star. Explaining what inspires the scooter faithful ain't easy either. Tell a pal you like scoots and some hoot, some holler, most all smirk. Others nod, and immediately launch into a dialectical discussion of the brake swept area on the first generation of 98cc Vespas. Explanation is not needed. If you have to ask, you just ain't gonna understand-and most Harley-Davidson folk don't have a clue what we're talking here. The Scooter Bible is a colorful, authoritative, and ultimate history of the little motorbikes that could. Starting from the first scooter craze nearly a century ago, the authors chronicle the American scooter boom, the golden age of scooters, and the rise of the Mods in England. Today, nostalgia for Vespas, Cushman's, and Lambrettas is driving a new thirst for cool scooters in motorcycle dealer showrooms. This compendium of all things scooterific includes a comprehensive marque-by-marque encyclopedia of scooters.

American Bicyclist and Motorcyclist Motorbooks

Perfect in its compactness, in its functionality, and in its widely imitated design, the Vespa scooter is not only a means of transport, but a true icon. In celebration of Vespa's 75th anniversary, Vespa: Style and Passion is the lavishly illustrated official history of the legendary scooters and the culture they've inspired. Introduced by the Italian firm Piaggio in 1946 with the model 98, Vespa enjoyed quick success. The scooters' diminutive size and affordability were perfect for promoting postwar mobility. But as with most novel designs, it would also be highly imitated, destined for icon status. From Piaggio's origins to the first Vespa prototypes to today's forward-looking Elettrica model, Vespa: Style and Passion is the ultimate retrospective of this beloved brand. A rich selection of visuals includes dozens of studio images of the most significant models from throughout Vespa history--including classics like the 125, 150 GS, Super Sprint, Primavera, and Rally--as well as period advertisements, rare archival photographs, and images of Vespas in popular culture and motorsport. Mod culture, perhaps most responsible for spreading scooter culture, is also given its due with images of customized Vespas. Vespa: Style and Passion relates with elan and high design the endless evolution of a marque that has conquered six continents, with 19 million units sold. The Vespa is not simply a scooter, but the scooter, known and appreciated the world over--a rare example of a motor vehicle that survived crises and fashions, always remaining faithful to the original concept. This is the definitive story of that influence.

Characters are the driving force of the tale, and we take a closer consider their characters, inspirations, and connections. With our character analyses, you can get a far better understanding of their roles in 09 Motor Scooter Guide story and exactly how they add to the overall narrative.

REVIEW OF 09 MOTOR SCOOTER GUIDE

- I thought the author did a wonderful job of exploring how mental illness affects the family and friends of those afflicted. I feel I truly gained an understanding and empathy for those who are affected by a mental illness.
- I thought it would be a lightweight book, but it is really an enjoyable read. Lots of good info but not overbearing as when you are reading a larger study. This is the book to read when you gettired of reading "Losing Ground" by Charles Murray, who addresses the topics in this book in a much more academic fashion.
