REVIEW OF OVER 2 5 PREDICTIONS OVER 2 5 GOALS BETTING TIPS MYBETS

- Do you have tons of unadorned journals that you have made? Have you ever wondered what to put

in them? If so, this is the book for you. It is packed with fresh ideas for decorating all those blank journals. The book starts out teaching the basics of creating books. This includes making a spiral bound book, and rebinding a store-bought journal or vintage book. The instruction here tends to be a bit incomplete for a true beginner. If you want to make a journal from scratch, buying a true bookbinding book is highly recommended. There are great ideas on variety of journal styles including daily, travel, recipe, garden, artists' sketchbook and triptychs. Each one has a different and easy-to-create binding. The instructions are step-by-step and

accompanied by photos. Where this book really excels is in turning your book into an artistic masterpiece. There are lots of creative project ideas and techniques that I have not seen used in this way before. Some include wax resist, image transfer, plaster paper, emulsion lifts, and creating carved stamps. The examples though the book and in the gallery are stunning. The resource and book list is very helpful. It's nice that it also includes a list with

email address of all the artists in the book. If you want to turn your journal into a true work of art, this is the book to get.

- A spine tingling, firsthand account of the demolition of Communism. In addition to providing vivid descriptions of the final days, Mr. Remnick also provides a concise history of Russia. I read this book nearly three years ago and its impressions remain.... Alan Wright Orlando, FL
