REVIEW OF SADLIER OXFORD GRAMMAR FOR WRITING ANSWERS FOR CHAPTER 2

- This book is intended for those considering the breed, and it is a wonderful and funny introduction. It is also a fine book for those who have owned GSPs before to enjoy and reflect on their experience with the breed. A must for a person considering getting the breed for the first time. It is in depth about the breed history, standard, and breed character. Not a training guide, but that is not its apparent purpose. Read this one BEFORE you get a GSP.
- There are some five-plus star stories in this selection from Eudora Welty's two volumes -- *A Curtain of Green* & *The Wide Net* -- and there are some three-minus stories also. My own five-star rating is intended to recognize the best of Welty's work, which is very good indeed. But I'm not going to identify my favorites; you, dear reader, might well take issue with my choices, and with good reasons. It does Welty's work no service to read these

25 stories sequentially and without interruption. Unlike the story sets of writers like Turgenev or Alice Munro, Welty's stories don't interpenetrate and magnify each other. Each is an artifact in itself, and too many artifacts on display at once always diminishes the impact of each one separately. These were primarily magazine stories, published at intervals in *The Atlantic Monthly*, *Harper's*, *Harper's Bazaar*, *New Directions*, and other toney journals with urban, chiefly Northern, readerships. The best way to read them, I find, is once in a while and not necessarily in the indexed order. Put the book by your reading chair or on your night table; pick it up when the mood is right, like a dose of intellectual Viagra. Those Northern urban readers of the 20th C seem to have had an appetite for "Southern Gothic" -- for depiction of grotesque, wayward, aberrant manners and lifestyles among the colorful and colored bumpkins of the post-Civil War South. Perhaps such portrayals served to confirm their own cultural superiority. But the best-known of the self-consciously Southern writers - William Faulkner, Flannery O'Connor, Harper Lee - had something more than burlesque in mind. They were all issue-driven. For O'Connor, the issue was always her obsessive heretical religiosity. For Lee and especially Faulkner, it was Mythos, the grand invincible delusion of Southern particularity, the Myth of the Lost Cause, the finely-tuned hierarchy of racial destinies that only a true Southerner could feel in her/his blood, the tragedy of survival. What separated Welty from the others, and what has made her work unpalatable to many Southern readers, was her inattention to "issues". Oh, the issues are there -- chiefly race and isolation -- but that's all they are: there! Welty, it seems to me, wasn't writing about exotics or Gothic abnormalities. She was imitating the only life she knew well, a local girl capturing local scenes of reality in carefully framed snapshots. She was, by the way, a photographer as actively as a writer. By picturing ordinary quotidian life in the rural South without an aura of magnolia grandeur, without myth, Welty distanced herself from Faulkner and from the pernicious self-congratulation of Southern "better folk" like the heroes of Harper Lee's *To Kill a Mockingbird*. "If you, dear urban reader of the 21st Century, find the characters in a story like Welty's *Petrified Man*" to be stupid, vulgar, and enjoyably grotesque... if you think they are comic exaggerations, you simply haven't had them for neighbors. I have. I spent some years of my late childhood in trailer camps in the South. I've heard those women gossiping, those men bull-sessioning. If I had Welty's camera-like memory for dialogue, I too could write a story like *"Why I Live at the P.O."* What I'm saying is that Welty was above all a realist rather than a moralist. Her gift was the ability to focus her word-camera, to crop and re-touch, and to print an image that contained nothing extraneous yet everything necessary. This pertains to her stories. Her novels were another matter entirely ...
