discussions, and uncover new literary treasures. And if you ever require aid discovering the perfect publication, our well-informed staff is right here to offer customized referrals.

## **REVIEW OF A PRIMER ON THE TAGUCHI METHOD**

- This brief manifesto condenses the theses of Jacques Ellul's philosophic life into a concise format that provides a good overview and a primer for possible future reading. It provides a handy summary of the logic by which he believes close reading of Scripture reveals an anti-statist bent at odds with the tendency of formal Christianity to make common cause

with the powers of the earth. Throughout this volume Ellul insists he is not trying to proselytize anyone for a point of view. The repetition makes me suspect he protests too much, but this book is too short and introductory to change many minds. What it is likely to do is start lively, productive discussions that may allow two camps, often regarded as incompatible, to find commonalities and stop the feud that divides them both. Ellul calls himself a Protestant, but expresses disdain for anyone exercising dominion over others. He insists we must be cautious and selective in reading Calvin and Luther. There are some places, particularly in his exegesis of 1 Peter

and of Paul, that he must perform interesting verbal gymnastics to reconcile his thesis with Scripture. He might have been better served here to take a bold approach and admit there are some things he just doesn't know. Ellul doesn't write for dabblers or dilettantes. His prose is ponderous and allusive. He makes references to prior writings by himself and others. This book is meant to engage true believers, activists, and thinkers. Be willing to set aside a healthy measure of time before reading this book. But if you set that time aside and use it wisely, this

book opens up a new way of regarding our Christian mission on earth. Highly recommended for Christians, for conscientious resisters, and for intellectuals on both sides of the theological divide.

- Beautiful artwork and a clever story combine to form this outstanding example of childrens literature. This magnificent tale of a strange creature's quest for belonging takes the reader through a bizarre fantasy world full of strange beings and fabulous vistas. The story is captivating and the artwork is exquisite, a must for any childrens library.
