REVIEW OF SOCIAL STUDIES PAST PAPERS CXC

- At 31, I was considering the military. I thought it would be something to join and have a job. However, this book gave me the inside of what REALLY goes on in the military, Good and Bad. For me, this

book really helped in making my decision.

- This is just the key text of 20th century philosophy. Written in aphoristic style and heavily reactive to the conversation between Frege Russell and the early Wittgenstein that gave birth to contemporary analytic philosophy it is a must read (in company with some of the texts from those three authors). Nobody should remain unchanged in their thinking by reading and striving to understand this work.
