We hope this short article has motivated you to explore Biogas Production Sintef, connect with fellow viewers, and compose your own reviews. Pleased reading!

REVIEW OF BIOGAS PRODUCTION SINTEF

- An account of the 1996 disaster from a member of the Mountain Madness team could have added considerably to our understanding of what went wrong that dreadful day. This book does not. The focus, unfortunately, is entirely on Ms. Gaamalgard herself the rest of her team are tangential presences at best and she makes no attempt to give rounded portraits or an account of who did what and when. Of course she is not a journalist, unlike Krakauer, so perhaps her concentration on her own experience is understandable. That said experience comes off as vapid and singularly uninvolved may be the fault of Ms. Gaamalgard's writing style or her translator - or both. It never occurred to me to think of this book as 'a woman's point of view', possibly because I don't think in gender categories, and I would hate to think Ms. Gaamalgard's new age psychobabble was somehow representative of my sex. A POV I would very much have liked to hear was that of Pete Schoening, veteran Himalayan climber, survivor of at least two notable mountaineering disasters and God knows how many close calls, but alas he is barely mentioned.

- I have a good time with reading this book. It was better than

the "Animal Farm". When i read this, i was happy that Walesa was alive(pl. ze Walesa zyl), that now im free, that mi moves is like that what i wan it to be.
