How to get to the next level of wealth. Trends, similarities and differences in various regions around the world. Innovative approaches to asset allocation and alternative investments. The increasing role of philanthropy, the growing importance of inter-generational wealth transfer, and other emerging issues for HNWI's. In-

depth interviews with prominent high-net-worth and ultra-high-net-worth individuals as well as advisors. Provocative thinking on where the future of the wealth management industry is going.

[Merrill Lynch Vault Reports Incorporated](#)

In the tradition of "Liar's Poker" comes a darkly comic tale of an amoral, profit-mad Wall Street. An outsider on the inside of financial giant Merrill Lynch, Paul Stiles witnessed financial history in the making, including the Orange County debacle. "Riding the Bull" is the story of what happens when an idealist grapples with the dark side of today's high-stakes financial marketplace.

Merrill Lynch & Co Dorrance Publishing

When financial consultant Keith Schooley took a job with one of the largest, most respected securities firms on Wall Street, he had high hopes for a successful career. He was proud to work for a company of such high integrity as Merrill Lynch. It didn't take long, however, for Schooley to realize Merrill Lynch's well-cultivated reputation was not based on what went on behind the facade. *Merrill Lynch: The Cost Could Be Fatal—My War Against Wall Street's Giant* is Schooley's detailed account of the disturbing incidents that eventually led him to a courtroom battle with the behemoth firm.

The Merrill Lynch Story John Wiley & Sons

SMART Marketing By: Larry Biederman When Larry Biederman joined Merrill Lynch in the 1960s he tried the standard sales tactics – and, like half of all financial advisors, was in danger of failing and quitting. But when he tweaked his process he ended up in the top 5% of brokers in his firm and went on to fifty years of a successful and fun career. In this book, Biederman explains his five marketing steps to enjoyably build and expand your financial advisory practice. From identifying prospects, developing a relationship, providing superior service, and more, each step comes with a clear explanation, scripts, case studies, and closing action steps for you to implement in your own business. Highlighting independent research and his personal experiences, Biederman shares proven advice for every financial advisor, no matter your experience level. You can earn your dream client's investment business and build a career that provides success and fulfillment. Tired and boring sales tactics will get you tired and boring results – if you get any results at all. By using your own creativity and passion, you'll not only have success, you'll have fun. A brisk guide to working smarter, not harder, this book is key to your success.

Bank of American Acquires Merrill Lynch (A) Viking Adult

The intimate, fly-on-the wall tale of the decline and fall of an America icon With one notable exception, the firms that make up what we know as Wall Street have always been part of an inbred, insular culture that most people only vaguely understand. The exception was Merrill Lynch, a firm that revolutionized the stock market by bringing Wall Street to Main Street, setting up offices in far-flung cities and towns long ignored by the giants of finance. With its "thundering herd" of financial advisers, perhaps no other business, whether in financial services or elsewhere, so epitomized the American spirit. Merrill Lynch was not only "bullish on America," it was a big reason why so many average Americans were able to grow wealthy by investing in the stock market. Merrill Lynch was an icon. Its sudden decline, collapse, and sale to Bank of America was a shock. How did it happen? Why did it happen? And what does this story of greed, hubris, and incompetence tell us about the culture of Wall Street that continues to this day even though it came close to destroying the American economy? A culture in which the CEO of a firm losing \$28 billion pushes hard to be paid a \$25 million bonus. A culture in which two Merrill Lynch executives are guaranteed bonuses of \$30 million and \$40 million for four months' work, even while the firm is struggling to reduce its losses by firing thousands of employees. Based on unparalleled sources at both Merrill Lynch and Bank of America, Greg Farrell's *Crash of the Titans* is a Shakespearean saga of three flawed masters of the universe. E. Stanley O'Neal, whose inspiring rise from the segregated South to the corner office of Merrill Lynch—where he engineered a successful turnaround—was undone by his belief that a smooth-talking salesman could handle one of the most difficult jobs on Wall Street. Because he enjoyed O'Neal's support, this executive was allowed to build up an astonishing \$30 billion position in CDOs on the firm's balance sheet, at a time when all other Wall Street firms were desperately trying to exit the business. After O'Neal comes John Thain, the cerebral, MIT-educated technocrat whose rescue of the New York Stock Exchange earned him the nickname "Super Thain." He was hired to save Merrill Lynch in late 2007, but his belief that the markets would rebound led him to underestimate the depth of Merrill's problems. Finally, we meet Bank of America CEO Ken Lewis, a street fighter raised barely above the poverty line in rural Georgia, whose "my way or the highway" management style suffers fools more easily than potential rivals, and who made a \$50 billion commitment over a September weekend to buy a business he really didn't understand, thus jeopardizing his own institution. The merger itself turns out to be a bizarre combination of cultures that blend like oil and water, where slick Wall Street bankers suddenly find themselves reporting to a cast of characters straight out of the Beverly Hillbillies. BofA's inbred culture, which perceived New York banks its enemies, was based on loyalty and a good-ol'-boy network in which competence played second fiddle to blind obedience. *Crash of the Titans* is a financial thriller that puts you in the theater as the historic events of the financial crisis unfold and people responsible for billion of dollars of other people's money gamble recklessly to enhance their power and their paychecks or to save their own skins. Its wealth of never-before-revealed information and focus on two icons of corporate America make it the book that puts together all the pieces of the Wall Street disaster.

[Bank of America and Merrill Lynch: How Did a Private Deal Turn Into a Federal Bailout? Serial No. 111-38, June 11, 2009, 111-1 Joint Hearing.](#) * John Wiley & Sons

This is a case study of the Bank of America and Merrill Lynch merger. It is based on the article, *Fiduciary Exemption for Public Necessity: Shareholder Profit, Public Good, and the Hobson's Choice during a National Crisis*, 17 Geo. Mason L. Rev. 661 (2010). The case study analyzes the controversial events occurring between the merger signing and closing. It reviews in depth the circumstances under the federal government threatened to fire the board and management of Bank of America unless it consummated the Merrill Lynch acquisition. Among other issues, this case study raises the questions: (1) what is the role of a private firm during a public crisis? (2) what are the responsibilities of the board? (3) what is the role of government and how should it treat private firms? This case study can be used in corporate ethics classes in business schools, or business associations classes in law schools.

Merrill Lynch & Co WETFEET, INC.

Ever wonder exactly how much you pay your financial advisor? Do you even know how you pay your financial advisor? "Secrets of the Skim" is the story of a financial advisor who comes to understand the real agenda of Wall Street's Main Street representatives and the methods they use to inconspicuously "skim" money from client accounts. In an odd twist of fate, a legendary college football coach, an \$800 million renewal fuels project, a mass defection of financial advisors to the competition and the greatest financial crisis since the Great Depression coalesce to expose the cultural rot within the wealth management industry. For the first time the misdeeds and methods of concealment used by this industry are uncovered in this deep journey into the corrupt culture of Wall Street.

"Concise, realistic, and very readable, this book opens up the complex world of financial investing and provides a useful guide that first-time investors can and should utilize." -Publishers Weekly "It's About More Than the Money is a book for our times. Now more than ever, people are looking for financial advisors who can help them plan a secure future for their families and keep their dreams on track. Glassman captures the essence of this critical relationship-describing the qualities of trust and commitment that both client and advisor must bring to the table. Readers will come away with a better understanding of how the best financial advisors can change lives-and learn how to find the advisor who is right for them." -Sallie Krawcheck, President, Global Wealth & Investment Management, Bank of America "Sally Glassman uses her many years of financial advisory experience to help you improve your wealth in this well-written and entertaining book. This breezy read is full of anecdotes and is especially useful to those wanting to know more about working successfully with financial professionals." -Greg Karp, syndicated personal finance columnist at the Tribune Company, and author of The 1-2-3 Money Plan and Living Rich by Spending Smart "Read this before you read any other book on investments. From the mind and heart of a winning and highly respected financial advisor, it's a strong dose of 'intellectual hard love'-a lot of things you may not want to hear or do-but absolutely need to- before investing a dime." -Steve Leimberg, Publisher, Leimberg Information Services, Inc. (LISI) "When selecting a financial advisor, most people look only to the bottom line: 'How much money will I make?' Sally Glassman, in a concise and intuitive style, discusses through real life examples, the importance of selecting a financial advisor with whom you can develop a strong personal relationship. Ultimately, this collaboration is how true wealth is achieved and sustained through generations." -Morey S. Rosenbloom, Blank Rome LLP In It's About More Than the Money, award-winning financial advisor Sally A. Glassman shows you how to regain control over your financial life-and stay in control. Glassman brings together 21 fundamental investment principles, illuminates them with actual investor experiences, and guides you through putting each one to work. Drawing on everything she's learned working with a broad cross-section of investors, Glassman teaches you how to plan your finances strategically, place money in broader context, and make your most important dreams a reality. You'll focus on what you can control and let go of what you can't...apply investment rules that work...recognize when to do nothing...assess your progress objectively, and much more. Glassman also helps you decide whether you need professional advice-and, if you do, she shows how to find an advisor who will add real value. Packed with insightful investor stories, this book will help you make wiser, better financial decisions-whatever your goals, whatever your age, and whatever the economy does next.

Bank of America and Merrill Lynch Scholar's Choice

A reference set containing 375 articles presented in alphabetical order on topics related to business and industry over the past two centuries.

Alan Wragg, Financial Advisor at Merrill Lynch Crown Business

The fascinating story behind the company that revolutionized the financial world *Catching Lightning in a Bottle* traces the complete history of Merrill Lynch and the company's substantial impact on the world of finance, from the birth of the once-mighty company to its inauspicious end. Throughout its ninety-four year history, Merrill Lynch revolutionized finance by bringing Wall Street to Main Street, operating under a series of guidelines known as the Principles. These values allowed the company to gain the trust of small investors by putting the clients' interests first, driving a business trajectory that expanded capital markets and fueled the growth of the American post-war economy. Written by the son of Merrill Lynch co-founder Winthrop H. Smith, this book describes the creation and evolution of the company from Charlie Merrill's one-man shop in 1914 to its acquisition by Bank of America in 2008. Author Winthrop H. Smith Jr. spent twenty-eight years at the company his father co-founded, bringing a unique perspective to bear in telling the story of the company that democratized the stock market and eventually fell from its lofty perch. Learn why the industry initially scoffed at Charles Merrill's "radical" investment ideas. Discover the origin of the Principles, and how they drove operations for nearly a century. Find out why the author left a successful Wall Street career, and why it was such a smart move. Examine the culture and values that built Merrill Lynch into one of the world's most successful and respected companies. Revolutionary vision is rare, and enduring success is even rarer. When a single organization demonstrates both of those characteristics, it is felt throughout the world. Discover the fascinating story behind Merrill Lynch and the men who built it from an insider's perspective in *Catching Lightning in a Bottle*.

REVIEW OF MERRILLYNCH

- they're free they're sometimes interesting. It certainly gives you insight into a MAN's mind at the time of the books original publishing date. all in all very boring very...pointless. I love history but this was horribly written at the time it was first published, and other then a reference for school work I can't imagine why anyone would read this for fun.

- I thought the book was very good and I looked forward to finding out the ending. I did not like that one of the main characters was killed off very early in the story but the writer did go on from there with the other characters.
