A COMPANION TO MODERNIST POETRY BLACKWELL COMPANIONS TO LITERATURE AND CULTURE SUMMARY: UNLOCK YOUR NEXT LITERARY JOURNEY WITH OUR CONCISE REVIEWS

The Cambridge Companion to Irish Modernism Cambridge University Press

Reflecting the surge of critical interest in Eliot renewed in recent years, *A Companion to T.S. Eliot* introduces the 'new' Eliot to readers and educators by examining the full body of his works and career. Leading scholars in the field provide a fresh and fully comprehensive collection of contextual and critical essays on his life and achievement. It compiles the most comprehensive and up-to-date treatment available of Eliot's work and career. It explores the powerful forces that shaped Eliot as a writer and thinker, analyzing his body of work and assessing his oeuvre in a variety of contexts: historical, cultural, social, and philosophical. It charts the surge in critical interest in T.S. Eliot since the early 1990s. It provides an illuminating insight into a poet, writer, and critic who continues to define the literary landscape of the last century.

T. S. Eliot and the Cultural Divide John Wiley & Sons

This volume takes an interdisciplinary approach to Irish modernism, offering readers an accessible overview of key writers and artists.

Cinematic Modernism Cambridge University Press

More than a century after its beginnings, modernism still has the power to shock, alienate or challenge readers. Modernist art and literature remain thought of as complex and difficult. This introduction explains in a readable, lively style how modernism emerged, how it is defined, and how it developed in different forms and genres. Pericles Lewis offers students a survey of literature and art in England, Ireland and Europe at the beginning of the twentieth century. He also provides an overview of critical thought on modernism and its continuing influence on the arts today, reflecting the interests of current scholarship in the social and cultural contexts of modernism. The comparative perspective on Anglo-American and European modernism shows how European movements have influenced the development of English-language modernism. Illustrated with works of art and featuring suggestions for further study, this is the ideal introduction to understanding and enjoying modernist literature and art.

Theorists of Modernist Poetry John Wiley & Sons

This book presents the first extended study of the relationship between British modernist poetry and the environment. Challenging reductive associations of modernism as predominantly

anthropocentric in character and urban in focus, the book's central argument is that within British modernist poetry there is a clear and sustained interest in the natural world which has yet to receive adequate critical attention. Whilst modernist studies continues to emphasize the plurality of the movement and the breadth of voices and concerns within it, the environmental consciousness of modernist literature and its response to changes to human/nature relations following the experience of war and modernity remain largely unexamined. Exploring British modernist poetry from an ecocritical perspective offers a fresh approach to the movement and its context, and produces original readings of both canonical and more marginalized modernist voices. This book opens by discussing the relationship between modernism and ecocriticism and the benefits of creating a dialogue between the two. It then presents new readings of Edward Thomas, T. S. Eliot, Edith Sitwell, and Charlotte Mew that reveal a shared preoccupation with environmental issues and a common desire to find new ways of achieving physical, psychological, and artistic reconnection with nature. Building on the continuing growth of ecocriticism, this book demonstrates how green approaches to modernist studies can produce new insights into both individual poets and the modernist movement as a whole, making it an essential resource for students of modernism, ecocriticism, and early-twentieth-century literature.

The Little Magazine Others and the Renovation of Modern American Poetry Routledge

Modernism in the Green traces a trans-Atlantic modernist fascination with the creation, use, and representation of the modern green. From the verdant public commons in the heart of cities to the lookout points on mountains in national parks, planned green spaces serve as felicitous stages for the performance of modernism. In its focus on designed and public green zones, *Modernism in the Green* offers a new perspective on modernism's overlapping investments in the arts, politics, urbanism, race, class, gender, and the nature-culture divide. This collection of essays is the first to explore the prominent and diverse ways greens materialize in modern literature and culture, along with the manner in which modernists represented them. This volume presents the idea of "the green" as a point of exploration, as our contributors analyze social-organic spaces ranging from public parks to roadways and refuse piles. Like the term "green," one that evokes both more-than-human natural zones and crafted public meeting places, these chapters uncover the social and spatial intersection of nature and culture in the very architecture of parks, gardens, buildings, highways, and dumps. This book argues that such greens facilitate modernists' exploration of how nature can manifest in an era of increasing urbanization and mechanization and what identities and communities the green now enables or prevents.

The Cambridge Introduction to Twentieth-Century American Poetry Routledge

The novel is modernism's most vital and experimental genre. In this 2007 Companion leading critics explore the very significant pleasures of reading modernist novels, but also demonstrate how and

why reading modernist fiction can be difficult. No one technique or style defines a novel as modernist. Instead, these essays explain the formal innovations, stylistic preferences and thematic concerns which unite modernist fiction. They also show how modernist novels relate to other forms of art, and to the social and cultural context from which they emerged. Alongside chapters on prominent novelists such as James Joyce and Virginia Woolf, as well as lesser-known authors such as Dorothy Richardson and Djuna Barnes, themes such as genre and geography, time and consciousness are discussed in detail. With a chronology and guide to further reading, this is the most accessible and informative overview of the genre available.

COMPREHENDING CHARACTERS IN A COMPANION TO MODERNIST POETRY BLACKWELL COMPANIONS TO LITERATURE AND CULTURE

The Rise of the Modernist Bookshop BRILL

Suzanne Churchill's well-researched and superbly crafted study is the first book-length treatment of Others, an important and neglected little magazine that served as a laboratory for modernist poetic experimentation. In discussions of influential poets such as Mina Loy, Marianne Moore, and William Carlos Williams, whose careers Others helped launch, Churchill counters the notion of Modernism as aesthetically self-isolating and socially disengaged. Rather, she traces a correspondence between formal innovation and social change in American modernist poetry and argues that this dimension of

modernist formalism is lost when poems are studied in isolation. Others provides a framework for reassessing the scope and significance of modernist formalism. The little magazine not only anchors modernist poetry in a social context but also leads to new insight into major modernist texts. Churchill's commitment to her subject's broad cultural contexts makes her book important for students and teachers of Modernism as well as for those working in the fields of American poetry and poetics, gender studies, queer theory, periodical studies, and cultural studies.

A Companion to Modernist Poetry Cambridge University Press

This concise Companion offers an innovative approach to understanding the Modernist literary mind in Britain, focusing on the intellectual and cultural contexts, which shaped it. Offers an innovative approach to understanding the Modernist literary mind in Britain. Helps readers to grasp the intellectual and cultural contexts of literary Modernism. Organised around contemporary ideas such as Freudianism and eugenics rather than literary genres. Relates literary Modernism to the overarching issues of the period, such as feminism, imperialism and war.

The Cambridge Companion to Modernist Women Writers Cambridge University Press

Modernist poems are some of the twentieth-century's major cultural achievements, but they are also hard work to read. This wide-ranging introduction takes readers through modernism's most famous poems and some of its forgotten highlights to show why modernists thought difficulty and disorientation essential for poetry in the modern world. In-depth chapters on Pound, Eliot, Yeats and the American modernists outline how formal experiments take on the new world of mass media, democracies, total war and changing religious belief. Chapters on the avant-gardes and later modernism examine how their styles shift as they try to re-make the community of readers. Howarth explains in a clear and enjoyable way how to approach the forms, politics and cultural strategies of modernist poetry in English.

The Cambridge Companion to Modernism John Wiley & Sons

The Companion combines a broad grounding in the essential texts and contexts of the modernist movement with the unique insights of scholars whose careers have been devoted to the study of modernism. An essential resource for students and teachers of modernist literature and culture Broad in scope and comprehensive in coverage Includes more than 60 contributions from some of the most distinguished modernist scholars on both sides of the Atlantic Brings together entries on elements of modernist culture, contemporary intellectual and aesthetic movements, and all the genres of modernist writing and art Features 25 essays on the signal texts of modernist literature, from James Joyce's *Ulysses* to Zora Neal Hurston's *Their Eyes Were Watching God* Pays close attention to both British and American modernism

A Companion to Twentieth-Century Poetry Routledge

A Companion to Modernist Poetry John Wiley & Sons

Painterly Abstraction in Modernist American Poetry Cambridge University Press

In the twentieth century more people spoke English and more people wrote poetry than in the whole of previous history, and this Companion strives to make sense of this crowded poetical era. The

original contributions by leading international scholars and practising poets were written as the contributors adjusted to the idea that the possibilities of twentieth-century poetry were exhausted and finite. However, the volume also looks forward to the poetry and readings that the new century will bring. The Companion embraces the extraordinary development of poetry over the century in twenty English-speaking countries; a century which began with a bipolar transatlantic connection in modernism and ended with the decentred heterogeneity of post-colonialism. Representation of the 'canonical' and the 'marginal' is therefore balanced, including the full integration of women poets and feminist approaches and the in-depth treatment of post-colonial poets from various national traditions. Discussion of context, intertextualities and formal approaches illustrates the increasing self-consciousness and self-reflexivity of the period, whilst a 'Readings' section offers new readings of key selected texts. The volume as a whole offers critical and contextual coverage of the full range of English-language poetry in the last century.

Personalities are the driving force of the tale, and we take a closer look at their personalities, inspirations, and partnerships. With our character analyses, you can get a much better understanding of their roles in A Companion To Modernist Poetry Blackwell Companions To Literature And Culture story and exactly how they contribute to the total story.

BEGINNING DISCOVERING A COMPANION TO MODERNIST POETRY BLACKWELL COMPANIONS TO LITERATURE AND CULTURE TODAY

Modernist Poetry and Film A Companion to Modernist Poetry

How poetic modernism shaped Arabic intellectual debates in the twentieth century and beyond *City of Beginnings* is an exploration of modernism in Arabic poetry, a movement that emerged in Beirut during the 1950s and became the most influential and controversial Arabic literary development of the twentieth century. Robyn Creswell introduces English-language readers to a poetic movement that will be uncannily familiar—and unsettlingly strange. He also provides an intellectual history of Lebanon during the early Cold War, when Beirut became both a battleground for rival ideologies and the most vital artistic site in the Middle East. Arabic modernism was centered on the legendary magazine *Shi'r* ("Poetry"), which sought to put Arabic verse on "the map of world literature." The Beirut poets—Adonis, Yusuf al-Khal, and Unsi al-Hajj chief among them—translated modernism into Arabic, redefining the very idea of poetry in that literary tradition. *City of Beginnings* includes analyses of the Arab modernists' creative encounters with Ezra Pound, Saint-John Perse, and Antonin Artaud, as well as their adaptations of classical literary forms. The book also reveals how the

modernists translated concepts of liberal individualism, autonomy, and political freedom into a radical poetics that has shaped Arabic literary and intellectual debate to this day.

Ecocritical Approaches to the Poetry of Edward Thomas, T. S. Eliot, Edith Sitwell and Charlotte Mew Cambridge University Press

This companion provides students and scholars alike with an interdisciplinary approach to literary modernism. Through essays written on a range of cultural contexts, this collection helps readers understand the significant changes in belief systems, visual culture, and pastimes that influenced, and were influenced by, the experimental literature published around 1890-1945.

The Cambridge Companion to the Modernist Novel John Wiley & Sons

Twelve authors, from W.B. Yeats to Franz Kafka, and how the TLS reacted to their work on its first appearance, and something of how it has come to be viewed in retrospect.

A Companion to Contemporary British and Irish Poetry, 1960 - 2015 Cambridge University Press

Modernist poetry heralded a radical new aesthetic of experimentation, pioneering new verse forms and subjects, and changing the very notion of what it meant to be a poet. This volume examines T.S. Eliot, T.E. Hulme and Ezra Pound, three of the most influential figures of the modernist movement, and argues that we cannot dissociate their bold, inventive poetic forms from their profoundly engaged theories of social and political reform. Tracing the complex theoretical foundations of modernist poetics, Rebecca Beasley examines: the aesthetic modes and theories that formed a context for modernism the influence of contemporary philosophical movements the modernist critique of democracy the importance of the First World War modernism's programmes for social reform. This volume offers invaluable insight into the modernist movement, as well as demonstrating the deep influence of the three poets on the shape and values of the discipline of English Literature itself. *Theorists of Modernist Poetry* is relevant not only to students of modernism, but to all those with an interest in why we study, teach, read and evaluate literature the way we do.

Annotating Modernism John Wiley & Sons

Over the last thirty years, more and more critics and scholars have come to recognize the importance of science to literature. 'Science in Modern Poetry: New Directions' is the first collection of essays to focus specifically on what poets in the twentieth and twenty-first centuries have made of the scientific developments going on around them. In a collection of twelve essays, leading experts on modern poetry and on literature and science explore how poets have used scientific language in their poems, how poetry can offer new perspectives on science, and how the 'Two Cultures' can and have come together in the work of poets from Britain and Ireland, America and Australia. What does the poetry of a leading immunologist and a Nobel-Prize-winning chemist tell us about how poetry can engage with science? Scientific experiments aim to yield knowledge, but what do the linguistic and formal experiments of contemporary American poets suggest about knowledge in their turn? How can universities help to bring these different experimental cultures and practices together? What questions do literary critics need to ask themselves when looking at poems that respond to science? How did developments in biology between the wars shape modernist poetry? What did William Empson make of science fiction, Ezra Pound of the fourth dimension, Thomas

Hardy of anthropology? How did modern poets from W. B. Yeats to Elizabeth Bishop and Judith Wright respond to the legacy of Charles Darwin? This book aims to answer these questions and more, in the process setting out the state of the field and suggesting new directions and approaches for research by students and scholars working on the fertile relationship between science and poetry today.

REVIEW OF A COMPANION TO MODERNIST POETRY BLACKWELL COMPANIONS TO LITERATURE AND CULTURE

- Having read this book when it first came out some years ago, I read it from my professional viewpoint, that of a user of finished and raw intelligence, in order to make decisions as to how to proceed with a program. The recurring theme throughout is that the Allied Powers, through a lack of understanding of the political dynamics and capabilities of the weak Ottoman Empire, made a series of major mistakes which pushed the Turks into an alliance with the Central Powers, even though for centuries, the Austro-Hungarian Empire and its predecessors had been fighting and quarreling with the Empire in the border zone which covers modern-day Bosnia, Macedonia, Serbia, and other Balkan countries. At the time Bulgaria had only been independent since the late 1870s, Greece since the 1820s (remember Lord Byron et al) and the Turks had fought a major war with Russia in the 1870s. The unrest in Armenia which broke out after the Turks entered the war (Armenia straddles the Russo-Turkish area) led to pogroms and ethnic cleansing during the Great War. All of this bloodshed could have been avoided if the "Young Turks" (the reformers) had been left to carry out their programs. After the war when the Allied Powers divided up the Middle East, the result was frustration of the Arabs' legitimate desires for self-government in Palestine and Syria, and the introduction of the Zionist colonies led to more unrest. Finally, the Greek-Turkish War of the early 20s led to a huge migration and the permanent impoverishment of the Greek economy for many years. Add in the brutal King Zog of Albania and an ineffective bunch of other nation's royals and the situation was even more unstable up until the 1940s. Then many years of Communist rule imposed stability until the death of Tito and the disintegration of Yugoslavia. The result seventy years on is the current ethnic strife in the Balkans.

- This book goes a long way in explaining the difficult situation we have now in the middle east. I am a veteran of Iraqi freedom and wish some of our leaders would have read this book....maybe they will if they read this review. It is really detailed and it took me a few weeks to get through it but it is worth the effort.
