The Quran is among the most influential books in the history of literature, and is a source of Islam. This translation by Sir Yusuf Ali is one of the most widely known and used in the English-speaking world.

A Scientific Biography of Wolfgang Pauli Courier Corporation

The philosopher Philo was born about 20 BCE to a prominent Jewish family in Alexandria, the chief home of the Jewish Diaspora as well as the chief center of Hellenistic culture; he was trained in Greek as well as Jewish learning. In attempting to reconcile biblical teachings with Greek philosophy he developed ideas that had wide influence on Christian and Jewish religious thought. The Loeb Classical Library edition of the works of Philo is in ten volumes and two supplements, distributed as follows. Volume I: Creation; Interpretation of Genesis II and III. II: On the Cherubim; The Sacrifices of Abel and Cain; The Worse Attacks the Better; The Posterity and Exile of Cain; On the Giants. III: The Unchangeableness of God; On Husbandry; Noah's Work as a Planter; On Drunkenness; On Sobriety.

IV: The Confusion of Tongues; The Migration of Abraham; The Heir of Divine Things; On the Preliminary Studies. V: On Flight and Finding; Change of Names; On Dreams. VI: Abraham; Joseph; Moses. VII: The Decalogue; On Special Laws Books I-III. VIII: On Special Laws Book IV; On the Virtues; Rewards and Punishments. IX: Every Good Man Is Free; The Contemplative Life; The Eternity of the World; Against Flaccus; Apology for the Jews; On Providence. X: On the Embassy to Gaius; indexes. Supplement I: Questions on Genesis. II: Questions on Exodus; index to supplements.

The Spearhead Hassell Street Press

Exploring many aspects of Felix Mendelssohn's multi-faceted career as musician and how it intersects with his work as composer, contributors discuss practical issues of music making such as performance space, instruments, tempo markings, dynamics, phrasings, articulations, fingerings, and instrument techniques. They present the conceptual and ideological underpinnings of Mendelssohn's approach to performance, interpretation, and composing through the contextualization of specific performance events and through the theoretic actualization of performances of specific works. Contributors rely on manuscripts, marked or edited scores, and performance parts to convey a deeper understanding of musical expression in 19th-century Germany. This study of Mendelssohn's work as conductor, pianist, organist, violist, accompanist, music director, and editor of old and new music offers valuable perspectives on 19th-century performance practice issues.

Mathematical People Simon and Schuster

The Framework for a Public Health Emergency Operations Centre (PHEOC framework) document is intended to be used by practitioners of public health; health policy makers; and authorities and agencies responsible for managing emergencies, incidents, or events where the health of populations is at risk. This document provides high-level methodical guidance for designing, developing, and strengthening of public health emergency operations centers. This interim document outlines the key concepts and essential requirements for developing and managing a public health EOC (PHEOC). The overall approach is generic and based on widely acknowledged elements of all-hazards emergency management. It provides an outline for developing and managing a PHEOC to achieve a goal-oriented response to public health emergencies and unity of effort among response agencies. The document will be revised as necessary. Practical guidance on specific aspects of the PHEOC framework will be developed and published separately. A public health emergency is here defined as an occurrence, or imminent threat, of an illness or health condition that poses a substantial risk of a significant number of human fatalities, injuries or permanent or long-term disability. Public health emergencies can result from a wide range of hazards and complex emergencies. Experience has shown that timely implementation of an EOC provides an essential platform for the effective management of public health emergencies. Public health emergencies involve increased incidence of illness, injury and/or death and require special measures to address increased morbidity, mortality and interruption of essential health services. For such emergencies, a multi-agency, multi-jurisdictional response is often required, working with the national disaster management organization. When normal resources and capacities are exceeded, support from outside the affected areas will also be required. External assistance could include national, cross-border, regional or international resources.

This unique collection contains extensive and in-depth interviews with mathematicians who have shaped the field of mathematics in the twentieth century. Collected by two mathematicians respected in the community for their skill in communicating mathematical topics to a broader audience, the book is also rich with photographs and includes an introduction

(from B.C. 146 to A.D. 1100). Carl Fischer Music Dist

If Benny Goodman was the "King of Swing," then Fletcher Henderson was the power behind the throne. Now Jeffrey Magee offers a fascinating account of Henderson's musical career, throwing new light on the emergence of modern jazz and the world that created it. Drawing on an unprecedented combination of sources, including sound recordings and hundreds of scores that have been available only since Goodman's death, Magee illuminates Henderson's musical output, from his early work as a New York bandleader, to his pivotal role in building the Kingdom of Swing. He shows how Henderson, standing at the forefront of the New York jazz scene during the 1920s and '30s, assembled the era's best musicians, simultaneously preserving jazz's distinctiveness and performing popular dance music that reached a wide audience. Magee reveals how, in Henderson's largely segregated musical world, black and white musicians worked together to establish jazz, how Henderson's style rose out of collaborations with many key players, how these players deftly combined improvised and written music, and how their work negotiated artistic and commercial impulses. Whether placing Henderson's life in the context of the Harlem Renaissance or describing how the savvy use of network radio made the Henderson-Goodman style a national standard, Jeffrey Magee brings to life a monumental musician who helped to shape an era. "An invaluable survey of Henderson's life and music." --Don Heckman, Los Angeles Times "Magee has written an important book, illuminating an era too often reduced to its most familiar names. Goodman might have been the King of Swing, but Henderson here emerges as that kingdom's chief architect." --Boston Globe "Excellent.... Jazz fans have waited 30 years for a trained musicologist...to evaluate Henderson's strengths and weaknesses and attempt to place him in the history of American music." --Will Friedwald, New York Sun

We investigate the relation between changes in tax composition and long-run economic growth using a new dataset covering a broad cross-section of countries with different income levels. We specifically consider 69 countries with at least 20 years of observations on total tax revenue during the period 1970-2009—21 high-income, 23 middle-income and 25 low-income countries. To our knowledge this is the most comprehensive and up-to-date dataset on tax composition and growth. We find that increasing income taxes while reducing consumption and property taxes is associated with slower growth over the long run. We also find that: (1) among income taxes, social security contributions and personal income taxes have a stronger negative association with growth than corporate income taxes; (2) a shift from income taxes to property taxes has a strong positive association with growth; and (3) a reduction in income taxes while increasing value added and sales taxes is also associated with faster growth.

Serving Home and Industry International Monetary Fund

A liberating journey through the life and times of Brittany Renner. This book details the experiences of a woman whom some love and others love to hate. It's a behind-the-scenes look into her life. Some may categorize and prejudge without knowing her story, but here is her truth. Written in a raw and real voice with wittiness and humor, Brittany allows you to walk a mile in her shoes. Depending on your appetite for truth and reality, this book may make you laugh, cry, cringe, or all of the above. You should never judge a book by its cover.

A Handbook for Travellers in Central Italy ... Sixth edition [of the work originally written by Octavian Blewitt], carefully revised, etc Alfred Music

This paper investigates whether banking crises are associated with declines in bilateral exports. We first develop a simple open economy model in which banking crises translate into negative liquidity shocks, leading to collapses in exports through supply-side and demand-side shocks. We then

estimate a gravity model using a sample of developed and developing countries over the period 1988-2010. The results suggest that crisis-hit countries experience lower levels of bilateral exports, particularly in developing countries where supply-side shocks are found to be relatively more important than demand shocks. In developing countries, exports of manufactured goods are disproportionately hurt by banking crises and this negative effect is stronger in industries relying more on external finance. These findings are robust to correcting for potential endogeneity, to changes in the sample, and to alternative estimation methods.

REVIEW OF ANTON N DVO K CSO

- To get a good start on all the basic business concepts for how to establish a network of affiliates to sell your product through the internet, this loose leaf binder (with a tape inside) isn't too bad. It pulls together in one place the information that it would take a lot of searching on the web to pull out. However, because the author also runs one of the affiliate web sites, he is very light on talking about the services that are competitive to his AdNet business. (AdNet is the publisher of the book.) The case histories he discusses are somewhat detailed -- but they are OLD -- from 1998 or so, and the world has changed since then. Also the companies' write ups have the feel of the clients from his firm, so they are not particularly sharply written or edited.

- Julie Garwood returns to her usual high quality with Ransom. Come the Spring was boring, but this latest novel is full of romance and intrigue. I loved the two love stories, though I thought Ramsey and Brigit could have had their own book. Also, it was great to see how Judith and Ian turned out after reading the Secret. Their little boy is so sweet! A good, fun and fast read.
