I love the style this book is written in, it is easy to read and to remember the things. This is not a boring instructive book. This is definitely a great book in the related field. I love it to the point I'd like to buy it for everyone I know! Thanks to the author!
- Just in time - as fall ushers in - so too does this delightful and meaningful read. As the air becomes cool and crisp in the Pacific Northwest and the leaves begin to change this was the perfect book to pick up and bring warmth to my heart - I couldn't put it down and read the whole book over 2 consecutive rainy days. The characters were so real and I couldn't wait to see how their relationships unfolded. I highly recommend this book as the first you pick up this fall season - it is the perfect way to welcome a change in season!!!!
