REVIEW OF B P VERMA CIVIL ENGINEERING DRAWING AND HOUSE PLANNING PDF

- So in the past I've read many books like this but I just don't have the willpower to finish reading this one. It is still unfinished right now and I have absolutely desire to finish it. I believe the story is really slow paced, I don't see the connection between the two, and the story didn't provoke anything at all in me that made me curious as to how it ended. Over all I give this book a big thumbs down.
- I loved this book. It had me on the edge of my seat. After a slow start I'm really glad I stuck with it!
