REVIEW OF JOB FAMILY MODELING YG HAY GROUP

- I haven't read this book yet, but I am disturbed by the fact that this book sounds almost identical to a John Saul

book titled Hell Fire published in 1986. Same scenario - mill in small town catches on fire, children die, soul of child is disturbed during renovation (to a mall instead of a hospital) and evil things start happening. Perhaps the book itself is quite different, but the plot just sounds too familiar.

- The quality and re-readability of this book are not to be underestimated. The book has spiritual depth and metaphor and depths that I keep finding over time. I read this for the first time in high school. I have reread it numerous times throughout my life. I am reading it again recently at 37. It keeps revealing depths that I wasn't ready for at earlier times. This book has become part of my consciousness, who I am.
