REVIEW OF PURVES NEUROSCIENCES 4EME EDITION

- I thought Eragon was an interesting book. It had a lot of fantasy. There was also a lot of mystery. My favorite part was when Eragon killed the Shade! The plot makes you want to finish the book. I highly recommend it!
- Congratulations master Paolini on a job well done. Eragon was a well read book and very entertaining, and the way it finished leaves me standing still with my tongue hanging out for the next one. However if there is one thing you could improve on it is indeed the undeniable usage of Tolkeins material. It's just to darned close is all. I can't wait for Eldest.
