chris pine political views: The End of White Politics Zerlina Maxwell, 2020-07-07 An MSNBC political analyst and former Hillary Clinton staffer examines the past and present problems of the Left—and makes a compelling case for how to take back our government and secure a better future for America. In the entire history of the United States of America, we've never elected a woman as our president. And we've only had one president who was not a white man. After working on two presidential campaigns (for Barack Obama and Hillary Clinton), MSNBC political analyst and SiriusXM host Zerlina Maxwell gained first-hand knowledge of everything liberals have been doing right over the past few elections-and everything they are still doing wrong. Ultimately, these errors worked in President Donald Trump's favor in 2016; he effectively ran a campaign on white identity politics, successfully tapping into white male angst and resistance. In 2020, after the Democratic Party's most historically diverse pool of presidential candidates finally dwindled down to Joe Biden, once again an older white man, Maxwell has posed the ultimate question: what now, liberals? Fueled by Maxwell's trademark wit and candor, *The End of White Politics* dismantles the past and present problems of the Left, challenging everyone from scrappy, young Bernie Bros to seasoned power players in the Billionaire Boys' Club. No topic is taboo; whether tackling the white privilege that enabled Mayor Pete Buttigieg's presidential run, the controversial #HashtagActivism of the Millennial generation, the massive individual donations that sway politicians toward maintaining the status quo of income inequality, or the lingering racism that debilitated some Democratic presidential contenders and cut their promising campaigns short, Maxwell pulls no punches in her fierce critique. However, underlying all of these individual issues, Maxwell argues that it's the liberal-minded party's struggle to engage women and communities of color-and its preoccupation with catering to the white, male working class—that threatens to be its most lethal shortfall. The times—and the demographics—are changing, and in order for progressive politics to prevail, we must acknowledge our shortcomings, take ownership of our flaws, and do everything in our power to level the playing field for all Americans. *The End of White Politics* shows exactly how and why progressives can lean into identity politics, empowering marginalized groups, and uniting under a common vision that will benefit us all. ***TIME, 100 Must-Read Books of 2020!*** Witty and piercing. —TIME

chris pine political views: Jesus Politics Phil Robertson, 2020-08-04 Understand the problems facing America and learn how Jesus would respond to them. New York Times bestselling author and Duck Dynasty star Phil Robertson exposes the destructive nature of American politics and calls on Christians to actively participate in advancing the Kingdom of heaven on earth. We live in a fractured country, a country in which identity politics, creeping socialist policies, toxic social media, and the vast partisan divide threaten the very fabric of America. After decades of political decay and of losing sight of our first principles, the American people are suffering from runaway debt, increased rates of depression, broken families, moral decay, and more. In *Jesus Politics*, Phil Robertson provides an alternate path: a radical call for Christians to use their freedoms to advance the agenda of the King and win back the divided soul of America. Exploring the problems facing our country and how Jesus would respond to each, Robertson offers a clear strategy, showing us how to do good by King Jesus, bringing the kingdom of heaven to our homes, neighborhoods, churches, communities, and country. Robertson also gives you the tools you need to apply the lessons of *Jesus Politics* in the voting booth and in our everyday lives, reminding us that above all, we're called to: Love God Love our neighbors Do whatever it takes to bring, maintain, and protect his kingdom on earth as it is in heaven Join Robertson as he takes a closer look at the problems facing America and shares how we can use our time, talents, resources, and votes to solve them as members of the kingdom. Explore a new way of thinking and acting, a way that protects and advances the policies of

the King. And, if enough of us do, maybe we can become a nation that proclaims, In the King we trust.

chris pine political views: Blackout Candace Owens, 2020-09-15 NEW YORK TIMES BESTSELLER It's time for a black exit. Political activist and social media star Candace Owens addresses the many ways that Democrat Party policies hurt, rather than help, the African American community, and why she and many others are turning right. Black Americans have long been shackled to the Democrats. Seeing no viable alternative, they have watched liberal politicians take the black vote for granted without pledging anything in return. In *Blackout*, Owens argues that this automatic allegiance is both illogical and unearned. She contends that the Democrat Party has a long history of racism and exposes the ideals that hinder the black community's ability to rise above poverty, live independent and successful lives, and be an active part of the American Dream. Instead, Owens offers up a different ideology by issuing a challenge: It's time for a major black exodus. From dependency, from victimhood, from miseducation—and the Democrat Party, which perpetuates all three. Owens explains that government assistance is a double-edged sword, that the Left dismisses the faith so important to the black community, that Democrat permissiveness toward abortion disproportionately affects black babies, that the #MeToo movement hurts black men, and much more. Weaving in her personal story, which ushered her from a roach-infested low-income apartment to 1600 Pennsylvania Avenue, she demonstrates how she overcame her setbacks and challenges despite the cultural expectation that she should embrace a victim mentality. Well-researched and intelligently argued, *Blackout* lays bare the myth that all black people should vote Democrat—and shows why turning to the right will leave them happier, more successful, and more self-sufficient.

chris pine political views: How to Win Friends and Influence Enemies Will Witt, 2021-09-21 Instant National Best Seller! Political commentator and media personality Will Witt gives young conservatives the ammunition they need to fight back against the liberal media. Popular culture in America today is dominated by the left. Most young people have never even heard of conservative values from someone their age, and if they do, the message is often bland and outdated. Almost every Hollywood actor, musician, media personality, and role model for young people in America rejects conservative values, and Gen Zs and millennials are quick to regurgitate these viewpoints without developing their own opinions on issues. So many young conservatives in America want to stand up for their beliefs in their classrooms, at their jobs, with their friends, or on social media, but they don't have the tools to do so. In *How to Win Friends and Influence Enemies*, Will Witt arms Gen Zs and millennials with the knowledge and skills to combat the leftist narrative they hear every day.

chris pine political views: American Crusade Pete Hegseth, 2020-05-19 Join the political and cultural fight for America's freedom—and learn how to protect our nation from the leftist agenda—with this essential guide from Fox & Friends Weekend co-host Pete Hegseth. In *American Crusade*, Pete Hegseth explores whether the election of President Donald J. Trump was sign of a national rebirth, or instead the final act of a nation that has surrendered to Leftists who demand socialism, globalism, secularism, and politically-correct elitism. Can real America still win? And how? Hegseth is an old-school patriot who is on a mission to do his part to save our Republic. This book celebrates all that America stands for, while motivating and mustering fellow patriots to stand ready to defend—and save—our great country. As he travels around the country talking to American citizens from all walks of life, Hegseth reveals the common wisdom of average Americans—and how ready they are to join the cultural battlefield. Now is that time, and Hegseth has written the playbook. *American Crusade* is written with the same insight, politically incorrect candor, and humor that has made his television show one of the most highly-rated in America.

chris pine political views: Speaking for Myself Sarah Huckabee Sanders, 2020-09-08 The

Instant New York Times, Publishers Weekly, Wall Street Journal, and USA Today Bestseller A candid, riveting account of the Trump White House, on the front lines and behind the scenes. Sarah Huckabee Sanders served as White House Press Secretary for President Donald J. Trump from 2017 to 2019. A trusted confidante of the President, Sanders advised him on everything from press and communications strategy to personnel and policy. She was at the President's side for two and a half years, battling with the media, working with lawmakers and CEOs, and accompanying the President on every international trip, including dozens of meetings with foreign leaders—all while unfailingly exhibiting grace under pressure. Upon her departure from the administration, President Trump described Sarah as “irreplaceable,” a “warrior” and “very special person with extraordinary talents, who has done an incredible job.” Now, in *Speaking for Myself*, Sarah Huckabee Sanders describes what it was like on the front lines and inside the White House, discussing her faith, the challenges of being a working mother at the highest level of American politics, her relationship with the press, and her unique role in the historic fight raging between the Trump administration and its critics for the future of our country. This frank, revealing, and engaging memoir will offer a truly unique perspective on the most important issues and events of the era, and unprecedented access to both public and behind-the-scenes conversations within the Trump White House.

chris pine political views: *The Gospel According to the Fix* Chris Cillizza, 2012-07-10 A divine guide to deciphering the sinful world of American politics, from the author of the Washington Post's *The Fix* The political world is full of acronyms, shortcuts, and lingo that stand as a barrier to entry for anyone not in the business. The onset of social media has only made that barrier higher, as insiders tweet furiously to one another in a language most of us can't even understand. Everyday Americans and even political junkies need a how-to manual for understanding what words matter in this arena and why. Enter Brother Chris Cillizza and *The Gospel According to the Fix*—an essential guide to the wonderfully odd religion of politics. Based on his highly popular blog, *The Gospel According to the Fix* will teach you something new about politics, no matter who you are and whom you know. In our torturous political climate, this Gospel is the one true source for comprehending what the heck is going on in DC. Chapter and verse, this political Gospel will include parables the likes of: • Why Ron Paul's candidacy is a lot like the TV show *Friday Night Lights* • What it takes to be Richard Ben Cramer and write the political classic *What It Takes* • The top ten negative campaign ads of all time • The top ten issues candidates should be discussing but aren't because of the economy • The dos and don'ts of surviving a political sex scandal

chris pine political views: *How I Saved the World* Jesse Watters, 2021-07-06 The conservative political commentator shares his story—and his outlook on America's future—in this #1 New York Times bestseller. In *How I Saved the World*, Jesse Watters takes readers on a tour of his life from basement-dwelling Fox minion to pampered champion of right-thinking Americans. He has divined great truths about the nature of our country while stumbling across beaches asking oblivious college students basic political questions and while stumbling out of Air Force One with the President. Interspersed are his thoughtful suggestions for overcoming left-wing radicalism, maintaining American democracy, moving beyond aging hippies (like his long-suffering, loving parents), saving the world from social justice warriors and the deep state—all while smirking his way through life in only the nicest way. Watters outlines the stark choice ahead of us between all-American hamburgers and leftist Green New Deal breadlines (okay, maybe that one is a no-brainer) and shows the way for order and fairness to be restored. A manifesto and a call-to-arms from a man for all seasons, *How I Saved the World* is a hilarious, enlightening, entertaining book with a reasonable chance of winning a Nobel Prize in every category, even chemistry.

chris pine political views: *The Pig Book* Citizens Against Government Waste, 2013-09-17 The federal government wastes your tax dollars worse than a drunken sailor on shore leave. The 1984 Grace Commission uncovered that the Department of Defense spent \$640 for a toilet seat and \$436 for a hammer. Twenty years later things weren't much better. In 2004, Congress spent a record-breaking \$22.9 billion dollars of your money on 10,656 of their pork-barrel projects. The war on terror has a lot to do with the record \$413 billion in deficit spending, but it's also the result of pork over the last 18 years the likes of: - \$50 million for an indoor rain forest in Iowa - \$102 million to study screwworms which were long ago eradicated from American soil - \$273,000 to combat goth culture in Missouri - \$2.2 million to renovate the North Pole (Lucky for Santa!) - \$50,000 for a tattoo removal program in California - \$1 million for ornamental fish research Funny in some instances and jaw-droppingly stupid and wasteful in others, *The Pig Book* proves one thing about Capitol Hill: pork is king!

chris pine political views: *The Political Economy of Sustainability* Fred P. Gale, 2018-07-27 This theoretical and practical book builds on the knowledge that sustainability's value pluralism cannot be reconciled with the value monism of classical, neoclassical, nationalist or socialist political economy. Developing the concept of sustainability value (SV), which requires integrating economic (exchange), social (labour), environmental (intrinsic) and cultural (use) values in all processes of extraction, manufacturing, trade, consumption and disposal, the book reformulates our understanding of key political economy topics such as trade, investment, preference formation, corporate governance and the role of the state. The book illustrates how SV is being realised via multi-stakeholder networks which, forming at the community, national and global levels, enable the required cross-value deliberation.

chris pine political views: *Landscape with Invisible Hand* M. T. Anderson, 2017-09-12 National Book Award winner M. T. Anderson returns to future Earth in a sharply wrought satire of art and truth in the midst of colonization. When the vuvv first landed, it came as a surprise to aspiring artist Adam and the rest of planet Earth — but not necessarily an unwelcome one. Can it really be called an invasion when the vuvv generously offered free advanced technology and cures for every illness imaginable? As it turns out, yes. With his parents' jobs replaced by alien tech and no money for food, clean water, or the vuvv's miraculous medicine, Adam and his girlfriend, Chloe, have to get creative to survive. And since the vuvv crave anything they deem classic Earth culture (doo-wop music, still life paintings of fruit, true love), recording 1950s-style dates for the vuvv to watch in a pay-per-minute format seems like a brilliant idea. But it's hard for Adam and Chloe to sell true love when they hate each other more with every passing episode. Soon enough, Adam must decide how far he's willing to go — and what he's willing to sacrifice — to give the vuvv what they want.

chris pine political views: *Hope Never Dies* Andrew Shaffer, 2018-07-10 The New York Times Best Seller [*Hope Never Dies* is] an escapist fantasy that will likely appeal to liberals pining for the previous administration, longing for the Obama-Biden team to emerge from political retirement as action heroes.—Alexandra Alter, New York Times Vice President Joe Biden and President Barack Obama team up in this high-stakes thriller that combines a mystery worthy of Watson and Holmes with the laugh-out-loud bromantic chemistry of *Lethal Weapon*'s Murtaugh and Riggs. Vice President Joe Biden is fresh out of the Obama White House and feeling adrift when his favorite railroad conductor dies in a suspicious accident, leaving behind an ailing wife and a trail of clues. To unravel the mystery, "Amtrak Joe" re-teams with the only man he's ever fully trusted: the 44th president of the United States. Together they'll plumb the darkest corners of Delaware, traveling from cheap motels to biker bars and beyond, as they uncover the sinister forces advancing America's opioid epidemic. Part noir thriller and part bromance, *Hope Never Dies* is essentially the first published work of Obama/Biden fiction—and a cathartic read for anyone distressed by the

current state of affairs.

chris pine political views: Dewey Bob Judy Schachner, 2015-09-08 A sweet raccoon character stars in this endearing tale of unexpected friendship from the creator of the bestselling Skippyjon Jones Dewey Bob Crockett is a darn cute raccoon who lives by himself in a house filled to the brim with the wonderful objects he collects. Buttons, wheels, furniture and bricabrac adorn his cozy quarters and keep him busy as he finds and fixes, turning trash into treasures. But there's something missing from Dewey's collections—a friend! He tries gathering up some critters and bringing them home in his shopping cart, but that doesn't work out so well. In the end, a friend does come Dewey's way, and, with a little DIY help from this clever raccoon, returns again and again. Combining art and heart with storytelling genius and a lilting twang, Judy Schachner's tale of unexpected friendship will delight readers young and old.

chris pine political views: Bobby Kennedy Larry Tye, 2017-05-09 "A multilayered, inspiring portrait of RFK . . . [the] most in-depth look at an extraordinary figure whose transformational story shaped America."—Joe Scarborough, *The Washington Post* NEW YORK TIMES BESTSELLER • Soon to be a Hulu original series starring Chris Pine. Larry Tye appears on CNN's *American Dynasties: The Kennedys*. "We are in Larry Tye's debt for bringing back to life the young presidential candidate who . . . almost half a century ago, instilled hope for the future in angry, fearful Americans."—David Nasaw, *The New York Times Book Review* Bare-knuckle operative, cynical White House insider,

romantic visionary—Robert F. Kennedy was all of these things at one time or another, and each of these aspects of his personality emerges in the pages of this powerful and perceptive biography. History remembers RFK as a racial healer, a tribune for the poor, and the last progressive knight of a bygone era of American politics. But Kennedy's enshrinement in the liberal pantheon was actually the final stage of a journey that began with his service as counsel to the red-baiting senator Joseph McCarthy. In Bobby Kennedy, Larry Tye peels away layers of myth and misconception to capture the full arc of his subject's life. Tye draws on unpublished memoirs, unreleased government files, and fifty-eight boxes of papers that had been under lock and key for forty years. He conducted hundreds of interviews with RFK intimates, many of whom have never spoken publicly, including Bobby's widow, Ethel, and his sister, Jean. Tye's determination to sift through the tangle of often contradictory opinions means that Bobby Kennedy will stand as the definitive biography about the most complex and controversial member of the Kennedy family. Praise for Bobby Kennedy "A compelling story of how idealism can be cultivated and liberalism learned . . . Tye does an exemplary job of capturing not just the chronology of Bobby's life, but also the sense of him as a person."—Los Angeles Review of Books "Captures RFK's rise and fall with straightforward prose bolstered by impressive research."—USA Today "[Tye] has a keen gift for narrative storytelling and an ability to depict his subject with almost novelistic emotional detail."—Michiko Kakutani, The New York Times "Nuanced and thorough . . . [RFK's] vision echoes through the decades."—The Economist

chris pine political views: Generation X and the Rise of the Entertainment Subject Robert Samuels, 2021-04-20 Generation X and the Rise of the Entertainment Subject defines Gen X as the first generation to be dominated by entertainment subjectivity. A social and psychological feedback loop is created as entertainment caters to adolescent consumers while the consumer, in turn, is shaped by the entertainment they internalize. While the paradigmatic latchkey young adults are immersed in media consumption, they see the world through the lens of popular culture products that seek to capitalize on the free time and disposable income of the unoccupied viewer. This book argues that Gen X entertainment subjectivity lays the foundations for contemporary society where handheld devices and other technologies detach their users from the world around them.

chris pine political views: Political Conversion Don Waisanen, 2018-04-20 Stories of religious conversion have been told for millennia. Yet many prominent figures such as Ronald Reagan, Hillary Clinton, and Rick Perry have also used stories of their change from one political worldview to another as a communication strategy aimed at winning the hearts and minds of the public. This book is about political conversion stories in public discourse, in their evolution from and interactions with religion. From a historical perspective, it charts the development of conversion narratives from religious contexts to their contemporary applications as specifically political messages. Since these narratives continue to be used in the culture wars, this book examines several related autobiographies that contributed to the use of this strategy in contemporary U.S. politics. Each case shows how shifts during the postwar period called for conversion texts under varying guises, and illustrates how and why the majority of these stories have been of conversions from the ideological left to the right. Examining political conversion as a form of public persuasion, Political Conversion ultimately provides insight into what these types of civic-religious stories mean for democratic communication and communities.

chris pine political views: Imperialism and Expansionism in American History [4 volumes] Chris J. Magoc, David Bernstein, 2015-12-14 This four-volume encyclopedia chronicles the historical roots of the United States' current military dominance, documenting its growth from continental expansionism to hemispheric hegemony to global empire. This groundbreaking four-volume encyclopedia offers sweeping coverage of a subject central to American history and of urgent importance today as the nation wrestles with a global imperial posture and the long-term viability of the largest military establishment in human history. The work features more than 650 entries encompassing the full scope of American expansionism and imperialism from the colonial era through the 21st-century War on Terror. Readers will learn about U.S.-Native American conflicts; 19th-century land laws; early forays overseas, for example, the opening of Japan; and America's imperial conflicts in Cuba and the Philippines. U.S. interests in Latin America are explored, as are the often-forgotten ambitions that lay behind the nation's involvement in the World Wars. The work also offers extensive coverage of the Cold War and today's ongoing conflicts in Iraq, Afghanistan, Africa, and the Middle East as they relate to U.S. national interests. Notable individuals, including American statesmen, military commanders, influential public figures, and anti-imperialists are covered as well. The inclusion of cultural elements of American expansionism and imperialism—for example, Hollywood films and protest music—helps distinguish this set from other more limited works.
