city of boston business certificate: Trapped Under the Sea Neil Swidey, 2014-02-18 The harrowing story of five men who were sent into a dark, airless, miles-long tunnel, hundreds of feet below the ocean, to do a nearly impossible job—with deadly results A quarter-century ago, Boston had the dirtiest harbor in America. The city had been dumping sewage into it for generations, coating the seafloor with a layer of “black mayonnaise.” Fisheries collapsed, wildlife fled, and locals referred to floating tampon applicators as “beach whistles.” In the 1990s, work began on a state-of-the-art treatment plant and a 10-mile-long tunnel—its endpoint stretching farther from civilization than the earth’s deepest ocean trench—to carry waste out of the harbor. With this impressive feat of engineering, Boston was poised to show the country how to rebound from environmental ruin. But when bad decisions and clashing corporations endangered the project, a team of commercial divers was sent on a perilous mission to rescue the stymied cleanup effort. Five divers went in; not all of them came out alive. Drawing on hundreds of interviews and thousands of documents collected over five years of reporting, award-winning writer Neil Swidey takes us deep into the lives of the divers, engineers, politicians, lawyers, and investigators involved in the tragedy and its aftermath, creating a taut, action-packed narrative. The climax comes just after the hard-partying DJ Gillis and his friend Billy Juse trade assignments as they head into the tunnel, sentencing one of them to death. An intimate portrait of the wreckage left in the wake of lives lost, the book—which Dennis Lehane calls extraordinary and compares with *The Perfect Storm*—is also a morality tale. What is the true cost of these large-scale construction projects, as designers and builders, emboldened by new technology and pressured to address a growing population’s rapacious needs, push the limits of the possible? This is a story about human risk—how it is calculated,

discounted, and transferred—and the institutional failures that can lead to catastrophe. Suspenseful yet humane, *Trapped Under the Sea* reminds us that behind every bridge, tower, and tunnel—behind the infrastructure that makes modern life possible—lies unsung bravery and extraordinary sacrifice.

city of boston business certificate: *All Souls* Michael Patrick MacDonald, 2024-08-20 “All Souls is the written equivalent of an Irish wake, where revelers dance and sing the dead person’s praises. In that same style, the book leavens tragedy with dashes of humor but preserves the heartbreaking details.”—The New York Times Book Review A 25th anniversary edition of the National Bestselling memoir, with a new afterword from Michael Patrick MacDonald, takes us deep into the South Boston housing projects during one of the city’s most tumultuous times in history and tells the story of his family struggling the overcome the poverty, crime, addiction, and incarceration that overtook the neighborhood. A breakaway bestseller since its first printing, *All Souls* takes us deep into Michael Patrick MacDonald’s Southie, the proudly insular neighborhood with the highest concentration of white poverty in America. Rocked by Whitey Bulger’s crime schemes and busing riots, MacDonald’s Southie is populated by sharply hewn characters. We meet Ma, Michael’s mini-skirted, accordion-playing, single mother who endures the deaths of four of her eleven children. And there are Michael’s older siblings Davey, sweet artist-dreamer; Kevin, child genius of scam; and Frankie, Golden Gloves boxer and neighborhood hero whose lives are high-wire acts played out in a world of poverty and pride. Nearly suffocated by his grief and his community’s code of silence, MacDonald tells his family story here with gritty but moving honesty. *All Souls* is heartbreaking testimony to lives lost too early, and the story of how a place so filled with pain could still be “the best place in the world.”

city of boston business certificate: *Idlewild* Ronald J. Stephens, 2013-09-30 In 1912, white land developers founded Idlewild, an African American resort community in western Michigan. Over the following decades, the town became one of the country’s foremost vacation destinations for the black middle class, during its peak drawing tens of thousands of visitors annually and hosting the era’s premier entertainers, such as The Four Tops, Della Reese, Brook Benton, and George Kirby. With the civil rights movement and the resulting expansion of recreation options available to African Americans, Idlewild suffered a sharp social and economic decline, and by the early 1980s the town had become a struggling retirement community in the midst of financial and political crises. Meticulously researched and unearthing never-before-seen historical material, Ronald J. Stephens’s book examines the rapid rise and decline of this pivotal landmark in African American and leisure history, in the process exploring intersections among race, class, tourism, entertainment, and historic preservation in the United States. Featuring a wealth of fieldwork on contemporary Idlewild, the book also takes a candid look at recent revitalization efforts and analyzes the possibilities for a future resurgence of this national treasure.

city of boston business certificate: *The Boston Jazz Chronicles* Richard Vacca, 2012 There has always been more to music in Boston than the Boston Symphony Orchestra. Jazz, for example, dates to the early 1900s, but it was in the 1940s and 1950s that it truly sparkled. *The Boston Jazz Chronicles: Faces, Places, and Nightlife 1937-1962* is the first book to document that city's active jazz scene at mid-century. Boston jazz came into its own during the World War II years, when the big bands supplied America with its popular music, and Boston's Charlie and Cy Shribman were among the kingmakers of the big-band era. The city produced such talents as pianist and bandleader Sabby Lewis, the multi-instrumentalist Ray Perry, and bassist Lloyd Trotman. The scene benefited from the extended wartime presence of established stars, including trumpeter Frankie Newton and trombonist Vic Dickenson, and from the start of a Sunday afternoon jam session tradition that brought the nation's best jazzmen into regular contact with local players. There were opportunities for musicians, particularly young musicians, to gain valuable experience by filling in for the older men serving in the military. The end of the war introduced new jazz sounds to Boston, and reintroduced a few older ones as well. Alongside those musicians like Lewis still playing swing, there were others looking to the past for inspiration, sparking a Dixieland revival, and still others looking forward, spreading the new sound of bebop. There were big-band survivors in downsized groups playing jump blues, and others organizing new big bands along modern lines. The end of the war also brought a surge of talented musicians, many of them veterans and beneficiaries of the GI Bill. They were attracted by the city's music conservatories and the new Schillinger House, soon to be renamed the Berklee School of Music. Boston became a destination for musicians seeking new musical direction. Here they joined with Boston's own contingent of formidable musicians to form a

new, more modern scene, led by such luminaries as Jaki Byard, Joe Gordon, Nat Pierce, Charlie Mariano, Herb Pomeroy, Sam Rivers, Alan Dawson, and Dick Twardzik. They would carry Boston jazz to a creative peak in the mid-to-late 1950s that still remains unequaled. The music was splendid, but there was more. Boston was home to influential jazz journalists George Frazier and Nat Hentoff; Berklee College of Music founder Lawrence Berk; Father Norman O'Connor, the Jazz Priest; record company executive and producer Tom Wilson; and Storyville nightclub proprietor George Wein, organizer of the Newport Jazz Festival. And through it all was the music, at the Ken Club, the Savoy Cafe, the Hi-Hat, the Stable, and other rooms both rowdy and refined. The Boston Jazz Chronicles relates this story in reportage and personal anecdotes, and through dozens of photographs, advertisements, and period maps. This complete study also includes extensive notes, a bibliography, discography, and comprehensive index. Author Richard Vacca is a writer and editor with a lifelong interest in cultural history, and he writes and speaks regularly about Boston's jazz and nightlife. He spent seven years researching and writing The Boston Jazz Chronicles, his first book. He is now writing the second volume of the Chronicles, taking the story into the late 1980s. Vacca blogs about Boston, jazz, and history at his website, troystreet.com.
