claire foy and matt smith interview: Baby Reindeer Richard Gadd, 2019-10-07 Winner of the 2020 Olivier Award for Outstanding Achievement in Affiliate Theatre I looked at her, wanting her to laugh. Wanting her to share in the joke. But she didn't. She just stared. I knew then, in that moment – that she had taken it literally... Edinburgh Comedy Award winner Richard Gadd has a chilling story to tell about obsession, delusion and the terrifying ramifications of a fleeting mistake. This powerful and engaging monologue play portrays a man brought to the edge by the actions of a chance encounter which takes a toll on all aspects of his life. In doing so it asks important questions about victims, the justice system and how one decision has the ability to change your life.

claire foy and matt smith interview: Billy the Girl Katie Hims, 2013-12-17 I wish you could just like consider – consider the chance of it being an accident. 'Cos you're so sure. You're so sure that I did this awful thing. Billy is out waiting for love where she last saw it. Her mum is certain love has walked into her life again. Her sister thinks love could still be found somewhere in the house . . . but Billy herself isn't even allowed through the door. claire foy and matt smith interview: Ma'am Darling Craig Brown, 2018-06-18 A GUARDIAN BOOK OF THE YEAR * A TIMES BOOK OF THE YEAR * A SUNDAY TIMES BOOK OF THE YEAR * A DAILY MAIL BOOK OF THE YEAR 'An original, memorable and substantial achievement' TLS 'A masterpiece' Mail on Sunday 'I honked so loudly the man sitting next to me dropped his sandwich' Observer She made John Lennon blush and Marlon Brando clam up. She cold-shouldered Princess Diana and humiliated Elizabeth Taylor. Andy Warhol photographed her. Jack Nicholson offered her cocaine. Gore Vidal revered her. John Fowles hoped to keep her as his sex-slave. Dudley Moore propositioned her. Francis Bacon heckled her. Peter Sellers was in love with her. For Pablo Picasso, she was the object of sexual fantasy. If they knew what I had done in my dreams with your royal ladies he confided to a friend, they would take me to the Tower of London and chop off my head! Princess Margaret aroused passion and indignation in equal measures. To her friends, she was witty and regal. To her enemies, she was rude and demanding. In her 1950's heyday, she was seen as one of the most glamorous and desirable women in the world. By the time of her death, she had come to personify disappointment. One friend said he had never known an unhappier woman. The tale of Princess Margaret is pantomime as tragedy, and tragedy as pantomime. It is Cinderella in reverse: hope dashed, happiness mislaid, life mishandled. Combining interviews, parodies, dreams, parallel lives, diaries, announcements, lists, catalogues and essays, Ma'am Darling is a kaleidoscopic experiment in biography, and a witty meditation on fame and art, snobbery and deference, bohemia

and high society. 'Brown has been our best parodist and satirist for decades now ... Ma'am Darling is, as you would expect, very funny; also, full of quirky facts and genial footnotes. Brown has managed to ingest huge numbers of royal books and documents without losing either his judgment or his sanity. He adores the spectacle of human vanity' Julian Barnes, *Guardian*

claire foy and matt smith interview: *The Audience* Peter Morgan, 2015-05-15 For sixty years, Queen Elizabeth II has met with each of her twelve Prime Ministers in a private weekly audience. The discussions are utterly secret, even to the royal and ministerial spouses. Peter Morgan imagines these meetings over the decades of the Queen's remarkable reign, through Prime Ministers from Winston Churchill and Margaret Thatcher to the 2015 incumbent David Cameron. *THE AUDIENCE* is a glimpse into the woman behind the crown, and the moments that have shaped the modern monarchy.

claire foy and matt smith interview: *La Bête* David Hirson, 2001 Written entirely in rhyming couplets, *La Bête* is a quicksilver tragicomedy of language in which a crisis befalling an imagined seventeenth-century acting troupe provides the basis for a relentlessly deepening Chinese box of opinions about life and art..

claire foy and matt smith interview: *Biographical Television Drama* Hannah Andrews, 2021-04-13 "Biographical Television Drama breaks new ground as, to my knowledge, the first book-length exploration of the terms in which television engages in biographical storytelling. Backed by robust research in biography studies and British television history, Hannah Andrews deftly unravels the complexities behind the accessibility of biographical television drama. Her book tackles key questions head-on, notably rhetorics and style, narrative and performance and, innovatively, ethics, while also shedding light on the interconnections with other biographical screen forms through a rich corpus. This is an essential critical study that vindicates television drama's unique place in the histories and practices of screen biography." -Belén Vidal, Senior Lecturer in Film Studies at King's College London and co-editor of *The Biopic in Contemporary Film Culture* This book explores what happens when biography and television meet, in a novel fusion of the two fields of study. Andrews compares core concepts in biography and television studies such as intimacy, the presentation of the self and the uneasy relationship between fact and fiction. The book examines biographical drama's generic hybridity, accounting for the influence of the film biopic, docudrama, melodrama and period drama. It discusses biographical television drama's representation of real

lives in terms of visual style, performance and self-reflexivity. Andrews also assesses how life stories are shaped for televisual narrative formats and analyses the adaptation process for the biographical drama. Finally, the book considers various kinds of reputation – of the broadcast institution, author, biographical subject – in relation to the ethics of televisual biography.

claire foy and matt smith interview: *Three Kings* Stephen Beresford, 2020 When Patrick is eight years old, his absent father returns unexpectedly for a brief but memorable encounter. Years later - recalling that meeting, and the revelations that followed - Patrick traces the events of his father's life, laying bare a journey of grandiose plans, aching disappointments and audacious self-delusion. *Three Kings* by Stephen Beresford is a heartbreaking and hilarious play for a solo actor about fathers and sons, the gifts and burdens of inheritance, and the unfathomable puzzle of human relationships. It was written for Andrew Scott to perform as part of *Old Vic: In Camera*, a series of live performances streamed from the Old Vic Theatre, London, in 2020. This edition includes an introduction by the director Matthew Warchus. 'A knockout - entertaining, sad and outrageous. [Stephen Beresford] is going to be a major name' Observer on *The Last of the Haussmans*

claire foy and matt smith interview: *The Genius of Women* Janice Kaplan, 2021-02-16 We tell girls that they can be anything, so why do 90 percent of Americans believe that geniuses are almost always men? New York Times bestselling journalist and creator and host of the podcast *The Gratitude Diaries* Janice Kaplan explores the powerful forces that have rigged the system—and celebrates the women geniuses, past and present, who have triumphed anyway. Even in this time of rethinking women's roles, we define genius almost exclusively through male achievement. When asked to name a genius, people mention Albert Einstein, Leonardo da Vinci, and Steve Jobs. As for great women? In one survey, the only female genius anyone listed was Marie Curie. Janice Kaplan, the New York Times bestselling author of *The Gratitude Diaries*, set out to determine why the extraordinary work of so many women has been brushed aside. Using her unique mix of memoir, narrative, and inspiration, she makes surprising discoveries about women geniuses now and throughout history, in fields from music to robotics. Through interviews with neuroscientists, psychologists, and dozens of women geniuses at work in the world today—including Nobel Prize winner Frances Arnold and AI expert Fei-Fei Li—she proves that genius isn't just about talent. It's about having that talent recognized, nurtured, and celebrated. Across the generations, even when they face less-than-perfect circumstances, women geniuses have created brilliant and original work. In *The Genius of Women*, you'll learn how they ignored obstacles and broke down seemingly unshakable barriers. The geniuses in this moving, powerful, and very entertaining book provide more than inspiration—they offer a clear blueprint to everyone who wants to find her own path and move forward with passion.

claire foy and matt smith interview: *The Censor* Anthony Neilson, 2014-05-27 This is a profound and tragic vision of humanity at its bare, forked basics (Patrick Marmion, Evening Standard) *The Censor* is a gripping brief encounter between a pornographic film actress and the man with the licensing scissors. A moving parable of the critic and artist as a healing and finally tragic, love story. (Michael Coveney, Daily Mail)

claire foy and matt smith interview: *JFK and the Reagan Revolution* Lawrence Kudlow, Brian Domitrovic, 2016-09-06 The fascinating, suppressed history of how JFK pioneered supply-side economics. John F. Kennedy was the first president since the 1920s to slash tax rates across-the-board, becoming one of the earliest supply-siders. Sadly, today's Democrats have ignored JFK's tax-cut legacy and have opted instead for an anti-growth, tax-hiking redistribution program, undermining America's economy. One person who followed JFK's tax-cut growth model was Ronald Reagan. This is the never-before-told story of the link between JFK and Ronald Reagan. This is the secret history of American prosperity. JFK realized that high taxes that punished success and fanned class warfare harmed the economy. In the 1950s, when high tax rates prevailed, America endured recessions every two or three years and the ranks of the unemployed swelled. Only in the 1960s did an uninterrupted boom at a high rate of growth (averaging 5 percent per year) drive a tremendous increase in jobs for the long term. The difference was Kennedy's economic policy, particularly his

push for sweeping tax-rate cuts. Kennedy was so successful in the '60s that he directly inspired Ronald Reagan's tax cut revolution in the 1980s, which rejuvenated the economy and gave us another boom that lasted for two decades. Lawrence Kudlow and Brian Domitrovic reveal the secret history of American prosperity by exploring the little-known battles within the Kennedy administration. They show why JFK rejected the advice of his Keynesian advisors, turning instead to the ideas proposed by the non-Keynesians on his team of rivals. We meet a fascinating cast of characters, especially Treasury Secretary Douglas Dillon, a Republican. Dillon's opponents, such as liberal economists Paul Samuelson, James Tobin, and Walter Heller, fought to maintain the high tax rates—including an astonishing 91% top rate—that were smothering the economy. In a wrenching struggle for the mind of the president, Dillon convinced JFK of the long-term dangers of nosebleed income-tax rates, big spending, and loose money. Ultimately, JFK chose Dillon's tax cuts and sound-dollar policies and rejected Samuelson and Heller. In response to Kennedy's revolutionary tax cut, the economy soared. But as the 1960s wore on, the departed president's priorities were undone by the government-expanding and tax-hiking mistakes of Presidents Johnson, Nixon, Ford, and Carter. The resulting recessions and the "stagflation" of the 1970s took the nation off its natural course of growth and prosperity-- until JFK's true heirs returned to the White House in the Reagan era. Kudlow and Domitrovic make a convincing case that the solutions needed to solve the long economic stagnation of the early twenty-first century are once again the free-market principles of limited government, low tax rates, and a strong dollar. We simply need to embrace the bipartisan wisdom of two great presidents, unleash prosperity, and recover the greatness of America.

claire foy and matt smith interview: *Dressing the Part* Hal Rubenstein, 2023-10-31 From longtime fashion director, consultant, media personality, and author, Hal Rubenstein, comes a lush, full color, illustrated guide to the most influential fashion on television from the 1950s to today, revealing the surprising ways our favorite shows have significantly reflected and often shaped the way we dress. No other medium has shaped our lives as thoroughly and consistently as television. Since its advent in the 1950s, television has served as a portal for discovering culture, initiating trends, and altering shared perceptions. Yet as Hal Rubenstein contends, television has done much more; its most dramatic, lasting, and effective influence can be found in our closets. Our most popular and lasting fashion trends and hallmarks of personal style haven't come from runways or magazines, but from what's on TV. For decades television has served as a personal stylist, showing us how others dress and defining what we should be wearing. From Mary Tyler Moore's capri pants on *The Dick van Dyke Show* and Emma Peel's dominatrix jumpsuit on *The Avengers* to Olivia Pope's trademark white trench on *Scandal* and Don Drapers' grey sharkskin suits on *Mad Men* *Dressing the Part* is a rich history of popular American fashion and culture in the modern age. In this gorgeous compendium, the longtime fashion director and expert identifies the most stylish television shows of the past 70 years, highlighting the ways they have affected and often inspired ordinary Americans' wardrobes. Combining his decades of fashion expertise and insider knowledge with lush photographs, archival sketches, fascinating interviews with over two dozen of television's best costume designers, commentary from showrunners and co-stars, and little-known backstories, Rubenstein reveals with insight and wit how television has shaped everyday fashion, guiding and often elevating how we dress. Illustrated with over 175 gorgeous, full-color photographs, *Dressing the Part* is an extraordinary survey of our most beloved shows and their most enduring impact on style, shining a spotlight on the most innate human characteristics of all—how we imitate and then adapt what we enjoy seeing on others.

claire foy and matt smith interview: *Golden Gulag* Ruth Wilson Gilmore, 2007-01-08 Since

1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called the biggest prison building project in the history of the world. *Golden Gulag* provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the three strikes law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

claire foy and matt smith interview: *Girl from the North Country* Conor McPherson, 2017-11-20 "The idea is inspired and the treatment piercingly beautiful . . . It is the constant dialogue between the drama and the songs that makes this show exceptional." —Guardian "Beguiling and soulful and quietly, exquisitely, heartbreaking. A very special piece of theatre." —Evening Standard "A populous, otherworldly play that combines the hard grit of the Great Depression with something numinous and mysterious." —Telegraph Duluth, Minnesota. 1934. A community living on a knife-edge. Lost and lonely people huddle together in the local guesthouse. The owner, Nick, owes more money than he can ever repay, his wife Elizabeth is losing her mind, and their daughter Marianne is carrying a child no one will account for. So when a preacher selling bibles and a boxer looking for a comeback turn up in the middle of the night, things spiral beyond the point of no return . . . In *Girl from the North Country*, Conor McPherson beautifully weaves the iconic songbook of Bob Dylan into a show full of hope, heartbreak and soul. claire foy and matt smith interview: Just the Funny Parts Nell Scovell, 2018-03-20 Just the Funny Parts is a juicy and scathingly funny insider look at how pop culture gets made. For more than thirty years, writer, producer and director Nell Scovell worked behind the scenes of iconic TV shows, including The Simpsons, Late Night with David Letterman, Murphy Brown, NCIS, The Muppets, and Sabrina, the Teenage Witch, which she created and executive produced. In 2009, Scovell gave up her behind-the-scenes status when the David Letterman sex scandal broke. Only the second woman ever to write for his show, Scovell used the moment to publicly call out the lack of gender diversity in late-night TV writers' rooms. "One of the boys" came out hard for "all of the girls." Her criticisms fueled a cultural debate. Two years later, Scovell was collaborating with Sheryl Sandberg on speeches and later on Lean In, which resulted in a worldwide movement. Now Scovell is opening up with this fun, honest, and often shocking account. Scovell knows what it's like to put words in the mouths of President Barack Obama, Mark Harmon, Candice Bergen, Bob Newhart, Conan O'Brien, Alyssa Milano, and Kermit the Frog, among many others. Through her eyes, you'll sit in the Simpson writers' room... stand on the Oscar red carpet... pin a tail on Miss Piggy... bond with Star Trek's Leonard Nimoy... and experience a Stephen King-like encounter with Stephen King. Just the Funny Parts is a fast-paced account of a nerdy girl from New England who fought her way to the top of the highly-competitive, male-dominated entertainment field. The book delivers invaluable insights into the creative process and tricks for navigating a difficult workplace. It's part memoir, part how-to, and part survival story. Or, as Scovell puts it, "It's like Unbroken, but funnier and with slightly less torture."

Calm has returned to London and five people are recovering from the chaos of war. In scenes set in a quiet dating agency, a bombed-out church and a prison cell, the stories of these five lives begin to intertwine and we uncover the desire and regret that has bound them together. Sarah Waters's story of illicit love and everyday heroism takes us from a dazed and shattered post-war Britain back into the heart of the Blitz, towards the secrets that are hidden there. Olivier-nominated playwright Hattie Naylor has created a thrilling and theatrically inventive adaptation of a great modern novel. The stage adaptation of The Night Watch was premiered at the Royal Exchange Theatre, Manchester, on 16 May 2016.
