criminal history check nevada: Son of a Gambling Man Bob Miller, 2013-03-12 A memoir of growing up in mob-run Sin City from a casino heir-turned-governor who's seen two sides of every coin When Bob Miller arrived in Las Vegas as a boy, it was a small, dusty city, a far cry from the glamorous, exciting place it is today. Driving the family car was his father Ross Miller, a tough guy—though a good family man—who had operated on both sides of the law on some of the meaner streets of industrial Chicago. The Miller family was as close and as warm as Ozzie and Harriet, as long as you knew that Ozzie was a bookmaker and a business acquaintance of some very dubious criminal types. As Bob grew up, so did Vegas, now a town of some two million. Ross Miller became a respectable businessman and partner in a major casino, though he was still capable of settling a score with his fists. And Bob went on to law school, entering law enforcement and eventually becoming a popular governor of Nevada, holding office longer than anybody in the state's history. And the Miller family's legacy continues. Bob's own son is presently serving as Secretary of State. A warm family memoir, the story of a city heir, with just a little bit of The Godfather and Casino thrown

in for spice, Son of a Gambling Man is a unique and thoroughly memorable story.

criminal history check nevada: The Eternal Criminal Record James B. Jacobs, 2015-02-09 For over sixty million Americans, possessing a criminal record overshadows everything else about their public identity. A rap sheet, or even a court appearance or background report that reveals a run-in with the law, can have fateful consequences for a person's interactions with just about everyone else. The Eternal Criminal Record makes transparent a pervasive system of police databases and identity screening that has become a routine feature of American life. The United States is unique in making criminal information easy to obtain by employers, landlords, neighbors, even cyberstalkers. Its nationally integrated rap-sheet system is second to none as an effective law enforcement tool, but it has also facilitated the transfer of ever more sensitive information into the public domain. While there are good reasons for a person's criminal past to be public knowledge, records of arrests that fail to result in convictions are of questionable benefit. Simply by placing someone under arrest, a police officer has the power to tag a person with a legal history that effectively incriminates him or her for life. In James Jacobs's view, law-abiding citizens have a right to know when individuals in their community or workplace represent a potential threat. But convicted persons have rights, too. Jacobs closely examines the problems created by erroneous record keeping, critiques the way the records of individuals who go years without a new conviction are expunged, and proposes strategies for eliminating discrimination based on criminal history, such as certifying the records of those who have demonstrated their rehabilitation.

However, children are also vulnerable to sexual abuse. A 2004 report estimated that millions of students are subjected to sexual misconduct by a school employee at some time between kindergarten and the twelfth grade (K-12). criminal history check nevada: Glock Paul M. Barrett, 2013-01-15 The Glock pistol is America's Gun. It has been rhapsodized by hip-hop artists and coveted by cops and crooks alike. Created in 1982 by Gaston Glock, the pistol arrived in America at a fortuitous time. Law enforcement agencies had concluded that their agents and officers, armed with standard six-round revolvers, were getting outgunned by drug dealers with semi-automatic pistols; they needed a new gun. With its lightweight plastic frame and large-capacity spring-action magazine, the Glock was the gun of the future. You could drop it underwater, toss it from a helicopter, or leave it out in the snow, and it would still fire. It was reliable, accurate, lightweight, and cheaper to produce than Smith and Wesson's revolver. Filled with corporate intrigue, political maneuvering, Hollywood glitz, bloody shoot-outs—and an attempt on Gaston Glock's life by a former lieutenant—Glock is not only the inside account of how Glock the company went about marketing its pistol to police agencies and later the public, but also a compelling chronicle of the evolution of gun culture in America.

criminal history check nevada: *Shape Up Sisters!* Linda Fondren, 2014-05-06 Linda Fondren, one of 11 children born to a single mother in the poorest and fattest state in America, watched the consequences of obesity ruin her sister's life—and was motivated to open an all-female gym in her hometown of Vicksburg, MS, with the motto positively reshaping women. Then, witnessing how many middle- and low-income Vicksburg residents were brought up short in their fitness and health efforts by limited budgets, time, and access to resources, Fondren responded by striking at the root problem. In 2009, she spearheaded Shape Up Vicksburg, a City Hall-supported program in which she convinced the local hospital to offer free health screenings, restaurants to create healthy low-cal menu options, and Walmart to host weigh-in stations. Fondren signed up more than 2,500 Vicksburg residents to take charge of their health and nutrition—many of them for the first time. They lost more than 15,000 pounds. Shape Up Sisters! is a get-healthy prescription for regular people with jobs, budgets, and real-life challenges. Fondren offers tactics to incorporate exercise into daily activities, delicious recipes and menus to for eating healthfully on a budget, and motivation for a major attitude shift. She wraps it all in her empowering personal story and the uplifting tales of women who have changed their lives by following her simple strategies. With Fondren's approachable personality and practical advice, Shape Up Sisters! is both an easy-to-use guide and a bold statement in the greater national narrative about improving health and weight loss across socioeconomic lines.
