**csudh financial aid office number: Mentoring and Diversity** Thomas Landefeld, 2009-08-28 Mentoring has always been an important factor in life and particularly in academia. In fact, making choices about educational pursuits and subsequent careers without input from mentors can prove disastrous. Fortunately, many individuals have "na- ral" mentors and for them these choices are greatly facilitated. Others are not pri- leged with natural mentors and as such often struggle with making these tough choices. Many times these individuals are from under served and disadvantaged backgrounds, where mentors are too few and far between. For them, deciding on which career path to take can be based not only on insufficient information but oft times on inaccurate information. Although the tips in this monograph are designed for helping all individuals who are interested in pursuing the study of science and science careers, a special mentoring focus is on those students who have not expe- enced the advantages of the privileged class. Additionally, tips are included for those who are interested in effectively mentoring these individuals. How and why a person gets to that point of wanting to mentor is not as important as the fact that they have made that commitment and this monograph will help them do exactly that. When I received my PhD in Reproductive Endocrinology from the University of Wisconsin, I was ready and anxious to discover all kinds of new and exciting aspects about this field of science.

**csudh financial aid office number: Hispanic Serving Institutions (HSIs) in Practice** Gina Ann Garcia, 2020-03-01 As the general population of Latinxs in the United States burgeons, so does the population of college-going Latinx students. With more Latinxs entering college, the number of Hispanic Serving Institutions (HSIs), which are not-for-profit, degree granting postsecondary institutions that enroll at least 25% Latinxs, also grows, with 523 institutions now meeting the enrollment threshold to become HSIs. But as they increase in number, the question remains: What does it mean to serve Latinx students? This edited book, *Hispanic Serving Institutions (HSIs) in Practice: Defining "Servingness" at HSIs*, fills an important gap in the literature. It features the stories of faculty, staff, and administrators who are defining "servingness" in practice at HSIs. Servingness is conceptualized as the ability of HSIs to enroll and educate Latinx students through a culturally enhancing approach that centers Latinx ways of knowing and being, with the goal of providing transformative experiences that lead to both academic and non-academic outcomes. In this book, practitioners tell their stories of success in defining servingness at HSIs. Specifically, they provide empirical and practical evidence of the results and outcomes of federally funded HSI grants, including those funded by Department of Education Title III and V grants. This edited book is ideal for higher education practitioners and scholars searching for best practices for HSIs in the United States. Administrators at HSIs, including presidents, provosts, deans, and boards of trustees, will find the book useful as they seek out ways to effectively serve Latinx and other minoritized students. Faculty who teach in higher education graduate programs can use the book to highlight practitioner engaged scholarship. Legislators and policy advocates, who fight for funding and support for HSIs at

the federal level, can use the book to inform and shape a research-based Latinx educational policy agenda. The book is essential as it provides a framework that simplifies the complex phenomenon known as servingness. As HSIs become more significant in the U.S. higher education landscape, books that provide empirically based, practical examples of servingness are necessary.

**csudh financial aid office number:** *Women of Color and Feminism (Large Print 16pt)* Maythee Rojas, 2010-07 In this Seal Studies title, author and professor Maythee Rojas offers a look at the intricate crossroads of being a woman of color. *Women of Color and Feminism* tackles the question of how women of color experience feminism, and how race and socioeconomics can alter this experience. Rojas explores the feminist woman of color's identity and how it relates to mainstream culture and feminism. Featuring profiles of historical women of color (including Hottentot Venus, Josefa Loaiza, and Anna Mae Pictou-Aquash), a discussion of the arts, and a vision for developing a feminist movement built on love and community healing, Rojas examines the intersectional nature of being a woman of color and a feminist. Covering a range of topics, including sexuality, gender politics, violence, stereotypes, and reproductive rights, *Women of Color and Feminism* offers a far-reaching view of this multilayered identity. This powerful study strives to rewrite race and feminism, encouraging women to "take back the body" in a world of new activism. *Women of Color and Feminism* encourages a broad conversation about race, class, and gender and creates a discourse that brings together feminism and racial justice movements.

**csudh financial aid office number:** *Becoming a Social Worker* Vivienne E. Cree, 2022-06-01 This fully revised new edition of *Becoming a Social Worker* is made up of entirely new stories. Providing a 'glocal' frame of reference, the book describes the personal and professional narratives of a diverse range of people working in social work in the UK, what brought them into the field and what has kept them in it ever since. The lively accounts reveal what it is like to be a social worker in a range of practice settings today and, at the same time, demonstrate that commitment and passion remain at the heart of social work. Some contributors will be recognised as people who have played a key part in shaping social work over the years; they provide insights into how the profession has developed over time. Other contributors, less well known but no less interesting, give a vivid account of the ongoing challenges that social work education and practice face, and the values that underpin social work. Social work is a demanding and difficult job that goes largely unseen within society. We only ever hear about social work and social workers when something goes wrong and a vulnerable adult or child is hurt. *Becoming a Social Worker* sets out to change that – to make social work visible, so that those considering a career in the caring professions across the world can make an informed choice about whether social work is the career for them. It is relevant for all induction courses at the beginning and prior to coming on social work programmes including all relevant HNC and HND courses as well as preparation for practice courses on all undergraduate and postgraduate social work programmes.

**csudh financial aid office number: Cases on Strategic Social Media Utilization in the Nonprofit Sector** Asencio, Hugo, 2015-02-28 Typically utilized by larger corporations, social media marketing and strategy is lacking in small and medium-sized nonprofit organizations. Although these organizations are beginning to incorporate this form of online communication, there is still a need to understand the best practices and proper tools to enhance an organization's presence on the web. *Cases on Strategic Social Media Utilization in the Nonprofit Sector* brings together cases and chapters in order to examine both the practical and theoretical components of creating an online social community for nonprofit organizations. The technologies discussed in this publication provide organizations with the necessary cost-effective tools for fundraising, marketing, and civic engagement. This publication is an essential reference source for practitioners, academicians, researchers, and advanced-level students interested in learning how to effectively use social media technologies in the nonprofit sector.

**csudh financial aid office number: Bridging the Achievement Gap** John E. Chubb, Tom Loveless, 2004-05-13 The achievement gap between white students and African American and Hispanic students has been debated by scholars and lamented by policymakers since it was first documented in 1966. The average black or Hispanic secondary school student currently achieves at about the same level as the average white student in the lowest quartile of white achievement. Black and Hispanic students are much less likely than white students to graduate from high school, acquire a college or advanced degree, or earn a middle-class living. They are also much more likely than whites to suffer social problems that often accompany low income. While educators have gained an understanding of the causes and effects of the education achievement gap, they have been less successful in finding ways to eliminate it—until now. This book provides, for the first time in one place, evidence that the achievement gap can be bridged. A variety of schools and school reforms are boosting the achievement of black and Hispanic students to levels nearing those of whites. *Bridging the Achievement Gap* brings together the findings of renowned education scholars who show how various states, school districts, and individual schools have lifted the achievement levels of poor and minority students. The most promising strategies include focusing on core academic skills, reducing class size, enrolling students in more challenging courses, administering annual achievement assessment tests, creating schools with a culture of competition and success, and offering vouchers in big-city school districts. While implementing new educational programs on a large scale is fraught with difficulties, these successful reform efforts offer what could be the start of widespread effective solutions for bridging the achievement gap.

**csudh financial aid office number: College Essay Essentials** Ethan Sawyer, 2016-07-01 Let the College Essay Guy take the stress out of writing your college admission essay. Packed with brainstorming activities, college personal statement samples and more, this book provides a clear, stress-free roadmap to writing your best admission essay. Writing a college admission essay doesn't have to be stressful. College counselor Ethan Sawyer (aka The College Essay Guy) will show you that there are only four (really, four!) types of college admission essays. And all you have to do to figure out which type is best for you is answer two simple questions: 1. Have you experienced significant challenges in your life? 2. Do you know what you want to be or do in the future? With these questions providing the building blocks for your essay, Sawyer guides you through the rest of the process, from choosing a structure to revising your essay, and answers the big questions that have probably been keeping you up at night: How do I brag in a way that doesn't sound like bragging? and How do I make my essay, like, deep? College Essay Essentials will help you with: The best brainstorming exercises Choosing an essay structure The all-important editing and revisions Exercises and tools to help you get started or get unstuck College admission essay examples Packed with tips, tricks, exercises, and sample essays from real students who got into their dream schools, College Essay Essentials is the only college essay guide to make this complicated process logical, simple, and (dare we say it?) a little bit fun. The perfect companion to The Fiske Guide To Colleges 2020/2021. For high school counselors and college admission coaches, this is an essential book to help walk your students through writing a stellar, authentic college essay.

**csudh financial aid office number: E-Government and Websites** Aroon Manoharan, 2014-11-13 This book presents a citizen-centric perspective of the dual components of e-government and e-governance. E-government refers to the practice of online public reporting by government to citizens, and to service delivery via the Internet. E-governance represents the initiatives for citizens to participate and provide their opinion on government websites. This volume in the Public Solutions Handbook Series focuses on various e-government initiatives from the United States and abroad, and will help guide public service practitioners in their transformation to e-government. The book provides important recommendations and suggestions oriented towards practitioners, and makes a significant contribution to e-government by showcasing successful models and highlighting the lessons learned in the implementation processes. Chapter coverage includes: \* Online fiscal transparency \* Performance reporting \* Improving citizen participation \* Privacy issues in e-governance \* Internet voting \* E-government at the local level

**csudh financial aid office number: How Colleges Change** Adrianna Kezar, 2013-10-01 Higher education is in an unprecedented time of change and reform. To address these challenges, university leaders tend to focus on specific interventions and programs, but ignore the change processes and the contexts that would lead to success. Joining theory and practice, How Colleges Change unmask problematic assumptions that change agents typically possess and provides research-based principles for approaching change. Framed by decades of research, this monumental book offers fresh insights into understanding, leading, and enacting change. Recognizing that internal and external conditions shape and frame change processes, Kezar presents an overarching practical framework that can be applied to any organizational challenge and context. How Colleges Change is a crucial resource for aspiring and practicing campus leaders, higher education practitioners, scholars, faculty, and staff who want to learn how to apply change strategies in their own institutions.

**csudh financial aid office number: At the Intersection** Robert Longwell-Grice, Hope Longwell-Grice, 2023-07-03 The experiences of first-generation college students are not monolithic. The nexus of identities matter, and this book is intended to challenge the reader to explore what it means to be a first-generation college student in higher education. Designed for use in classrooms and for use by the higher education practitioner on a college campus today, At the Intersections will be of value to the reader throughout their professional career. The book is divided into four parts with chapters of research and theory interspersed with thought pieces to provide personal stories to

integrate the research and theory into lived experience. Each thought piece ends with questions to inspire readers to engage with the topic. Part One: Who is a First-generation College Student? provides the reader an entrée into the topic, with up-to-date data on both four-year and two-year colleges. Part One ends with a thought piece that asks the reader to pull together some of the big ideas before moving on to look more closely at students' identities. Part Two: The Intersection of Identity shares the research, experience and thoughts of authors in relation to the individual and overlapping identities of LGBT, low-income, white, African-American, Latinx, Native American, undocumented, female, and male students who are all also first-generation college students. Part Three: Programs and Practices is an introduction to practices, policies and programs across the country. This section offers promise and direction for future work as institutions try to find a successful array of approaches to make the campus an inclusive place for the diverse population of first-generation college students.

**csudh financial aid office number: Voices from Women Leaders on Success in Higher Education** Barbara Cozza, Ceceilia Parnter, 2022-02-24 This book assists aspiring and current women leaders on how to advance into higher education leadership roles. Drawn from research and the lived experiences of women and non-binary people in higher education leadership, this book serves as a guide in understanding the gender disparity in higher education leadership and how women leaders forge pathways to promotion and success through systemic barriers, obstacles, and a lack of representation. A critical review of traditional leadership theory offers an opportunity to reimagine how effective leadership is framed and valued in higher education. Chapter authors and case studies explore the intersections of multiple identities and their impacts on leadership through lenses, including institutional type, functional areas, ability, gender identity, sexuality, race, and ethnicity. Focusing on a bridge from theory to practice that is designed to empower and inspire women leaders at all levels of the spectrum, this book is ideal reading for higher education scholars, students, and faculty aspiring to become leaders.

**csudh financial aid office number: Waste** Catherine Coleman Flowers, 2020-11-17 The MacArthur grant-winning environmental justice activist's riveting memoir of a life fighting for a

cleaner future for America's most vulnerable A Smithsonian Magazine Top Ten Best Science Book of 2020 Catherine Coleman Flowers, a 2020 MacArthur "genius," grew up in Lowndes County, Alabama, a place that's been called "Bloody Lowndes" because of its violent, racist history. Once the epicenter of the voting rights struggle, today it's Ground Zero for a new movement that is also Flowers's life's work—a fight to ensure human dignity through a right most Americans take for granted: basic sanitation. Too many people, especially the rural poor, lack an affordable means of disposing cleanly of the waste from their toilets and, as a consequence, live amid filth. Flowers calls this America's dirty secret. In this "powerful and moving book" (Booklist), she tells the story of systemic class, racial, and geographic prejudice that foster Third World conditions not just in Alabama, but across America, in Appalachia, Central California, coastal Florida, Alaska, the urban Midwest, and on Native American reservations in the West. In this inspiring story of the evolution of an activist, from country girl to student civil rights organizer to environmental justice champion at Bryan Stevenson's Equal Justice Initiative, Flowers shows how sanitation is becoming too big a problem to ignore as climate change brings sewage to more backyards—not only those of poor minorities.

**csudh financial aid office number: Achieving the Impossible Dream** Mitchell Takeshi Maki, Harry H. L. Kitano, Sarah Megan Berthold, 1999 The Redress Movement refers to efforts to obtain the restitution of civil rights, an apology, and/or monetary compensation from the U.S. government during the six decades that followed the World War II mass removal and confinement of Japanese Americans. Early campaigns emphasized the violation of constitutional rights, lost property, and the repeal of anti-Japanese legislation. 1960s activists linked the wartime detention camps to contemporary racist and colonial policies. In the late 1970s three organizations pursued redress in court and in Congress, culminating in the passage of the Civil Liberties Act of 1988, providing a national apology and individual payments of \$20,000 to surviving detainees.

**csudh financial aid office number: Paying the Price** Sara Goldrick-Rab, 2016-09-01 A "bracing and well-argued" study of America's college debt crisis—"necessary reading for anyone concerned about the fate of American higher education" (Kirkus). College is far too expensive for many people today, and the confusing mix of federal, state, institutional, and private financial aid leaves countless students without the resources they need to pay for it. In Paying the Price, education scholar Sara Goldrick-Rab reveals the devastating effect of these shortfalls. Goldrick-Rab examines a study of 3,000 students who used the support of federal aid and Pell Grants to enroll in public colleges and universities in Wisconsin in 2008. Half the students in the study left college without a degree, while less than 20 percent finished within five years. The cause of their problems, time and again, was lack of money. Unable to afford tuition, books, and living expenses, they worked too many hours at outside jobs, dropped classes, took time off to save money, and even went without adequate food or housing. In many heartbreaking cases, they simply left school—not with a degree, but with crippling debt. Goldrick-Rab combines that data with devastating stories of six individual students, whose struggles make clear the human and financial costs of our convoluted financial aid policies. In the final section of the book, Goldrick-Rab offers a range of possible solutions, from technical improvements to the financial aid application process, to a bold, public sector-focused "first degree free" program. Honestly one of the most exciting books I've read, because [Goldrick-Rab has] solutions. It's a manual that I'd recommend to anyone out there, if you're a parent, if you're a teacher, if you're a student.—Trevor Noah, The Daily Show

**csudh financial aid office number: Arts with the Brain in Mind** Eric Jensen, 2001-05-15

How do the arts stack up as a major discipline? What is their effect on the brain, learning, and human development? How might schools best implement and assess an arts program? Eric Jensen answers these questions--and more--in this book. To push for higher standards of learning, many policymakers are eliminating arts programs. To Jensen, that's a mistake. This book presents the definitive case, based on what we know about the brain and learning, for making arts a core part of the basic curriculum and thoughtfully integrating them into every subject. Separate chapters address musical, visual, and kinesthetic arts in ways that reveal their influence on learning. What are the effects of a fully implemented arts program? The evidence points to the following: \* Fewer dropouts \* Higher attendance \* Better team players \* An increased love of learning \* Greater student dignity \* Enhanced creativity \* A more prepared citizen for the workplace of tomorrow \* Greater cultural awareness as a bonus To Jensen, it's not a matter of choosing, say, the musical arts over the kinesthetic. Rather, ask what kind of art makes sense for what purposes. How much time per day? At what ages? What kind of music? What kind of movement? Should the arts be required? How do we assess arts programs? In answering these real-world questions, Jensen provides dozens of practical, detailed suggestions for incorporating the arts into every classroom. Note: This product listing is for the Adobe Acrobat (PDF) version of the book.

Wesley Yorstead Goes Outside explores the life of Wesley Yorstead, a thirty-three-year-old graphic novelist who suffers from a severe case of agoraphobia that has kept him shut inside for over five years. When he meets Happy Lafferty for the first time, delivering groceries on behalf of her father's neighborhood market, Wesley can't shake the inherent magnetism between them and seeks to get to know this young woman who invades his space-both physical and mental. As their relationship grows more intimate, the restrictions of his situation become an even greater obstacle. When Happy's past comes back to haunt her, Wesley must decide if he can finally leave his apartment to help. A meditation on anxiety, fear, and human connection, Wesley Yorstead Goes Outside asks the reader to consider what our fears take away from our lives, and how we might overcome them.
