david grusch sunday interview: In Plain Sight: an Investigation Into UFOs and Impossible Science Ross Coulthart, 2023-05-03 An award-winning journalist investigates a story largely ignored by mainstream media but right there, in front of our eyes ... UFOs, UAPs, flying cigars, extraordinary new technologies ... Are we not alone? Award-winning investigative journalist Ross Coulthart has been intrigued by UFOs since mysterious glowing lights were reported near New Zealand's Kaikoura mountains when he was a teenager. The 1978 sighting is just one of thousands since the 1940s, and yet research into UFOs is still seen as the realm of crackpots and conspiracy theorists. In 2020, however, after decades of denial, the US Department of Defence made the astonishing admission that strange aerial and underwater objects frequently reported and videoed by pilots and tracked by sensors are real, unexplained, and pose a genuine national security concern. Compelled to investigate, Coulthart has embarked on what's become the most confronting and challenging story of his career, speaking to witnesses, researchers, scientists, spies and defence and intelligence officials and insiders. What he has found suggests that the world is on the cusp of extraordinary technological breakthroughs and cultural revelations. Bizarre, sometimes mind-blowing and utterly fascinating, In Plain Sight tells a story that's largely escaped the radar of mainstream media coverage but has been there all along. Now it's time to observe what's in front of our eyes.

david grusch sunday interview: Dreamland Bob Lazar, 2019-10-15 Bob Lazar is the reason Area 51 became infamous in the 1980s and his recent appearance on Joe Rogan's podcast with 7 million listeners is credited with inspiring the Storm Area 51 phenomenon. In his DREAMLAND autobiography, Lazar reveals every detail of his highly controversial story about being an insider within the world's most legendary military research base. Bob Lazar was a brilliant young physicist that found himself employed at a top secret facility in the middle of the desert outside Las Vegas. Under the watchful eye of the government elite, he is tasked with understanding an exotic propulsion system being used by an advanced aerospace vehicle he is told came from outer space. The stressful work and long, odd hours start to wear on Bob and he becomes concerned for his safety. He tells his wife and a couple close friends about what he's doing in the desert, and his employers find out and are furious. When they station goons outside his house, Bob seeks help from wealthy UFOlogist, John Lear, who encourages Bob to take his story to award-winning investigative journalist George Knapp at KLAS-TV, a CBS affiliate. To prove he's telling the truth, Bob takes a group of people out into the desert to watch a test flight of the flying saucer. On the way home, they are stopped by the police, who notify the base, and Bob loses his job. In a series of interviews with CBS TV, Bob Lazar then blows the lid off Area 51, blows the whistle on the effort to conceal this craft from the American people, and blows up his career as a top physicist. Bob Lazar's reports have been the subject of intense controversy for decades. He has been interviewed numerous times and his story has been corroborated by other individuals he worked with and who were present when these events happened. But until now, Bob Lazar has never told his own story, in every detail in his own words, about those exciting days in the desert outside of Las Vegas and how the world came to learn about the experiments being conducted at Area 51.

david grusch sunday interview: Surviving Death Leslie Kean, 2018-03-06 THE INSPIRATION FOR THE NETFLIX ORIGINAL SERIES • An impeccably researched, page-turning investigation, revealing stunning and wide-ranging evidence suggesting that consciousness survives death, from New York Times bestselling author Leslie Kean "An engaging, personal, and transformative journey that challenges the skeptic and informs us all."—Harold E. Puthoff, Ph.D., director of the Institute for Advanced Studies at Austin In this groundbreaking book, award-winning journalist and New York Times bestselling author Leslie Kean investigates the unexplained continuity of the human psyche

after death. Here, Kean explores the most compelling case studies of young children reporting verifiable details from past lives, contemporary mediums who seem to defy the boundaries of the brain and of the physical world, apparitions providing information about their lives on earth, and people who die and then come back to report journeys into another dimension. Based on facts and scientific studies, *Surviving Death* includes fascinating chapters by medical doctors, psychiatrists, and PhDs from four countries. As a seasoned reporter whose work transcends belief systems and ideology, Kean enriches the narrative by including her own unexpected, confounding experiences encountered while she probed the question concerning all of us: Do we survive death?

david grusch sunday interview: *UFOs* Leslie Kean, 2011-08-02 NEW YORK TIMES
BESTSELLER • Impeccably researched, this riveting journalistic investigation separates fact from fiction, and documents the unexplained mysteries of—and government reactions to—actual UFOs. “A treasure trove of insightful and eye-opening information.”—Michio Kaku, PH.D., bestselling author of *Physics of the Future* Leslie Kean, a veteran investigative reporter who has spent the past ten years studying the still-unexplained UFO phenomenon, reviewed hundreds of government documents, aviation reports, radar data, and case studies with corroborating physical evidence. She interviewed dozens of high-level officials and aviation witnesses from around the world. Among them, five Air Force generals and a host of high-level sources—including Fife Symington III, former governor of Arizona, and Nick Pope, former head of the British Defence Ministry’s UFO Investigative Unit—have written their own breathtaking, firsthand accounts about UFO encounters and investigations exclusively for this book. With the support of former White House chief of staff John Podesta, Kean lifts the veil on decades of U.S. government misinformation about this mysterious phenomenon and presents irrefutable evidence that unknown flying objects—metallic, luminous, and seemingly able to maneuver in ways that defy the laws of physics—actually exist. With a Foreword by John Podesta “The most important book on the phenomenon in a generation.”—*Journal of Scientific Exploration* “Written with penetrating depth and insight, the revelations in this book constitute a watershed event in lifting the taboo against rational discourse about this controversial subject.”—Harold E. Puthoff, PH.D., Director of the Institute for Advanced Studies at Austin “Kean presents the most accurate, most credible reports on UFOs you will ever find. She may not have the final smoking gun, but I smell the gunpowder.”—Miles O’Brien, science correspondent for PBS’s *NewsHour*

david grusch sunday interview: *Inside The Black Vault* John Greenewald, Jr., 2019-04-08
The evidence in this book may not ultimately give you the “smoking gun” you are looking for on your journey, but I guarantee it will give you a box of bullets when you find it. In 1996, John Greenewald, Jr. began researching the secret inner workings of the U.S. Government at the age of fifteen. He targeted such agencies as the CIA, FBI, Pentagon, Air Force, Army, Navy, NSA, DIA, and countless others. Greenewald utilized the Freedom of Information Act (FOIA) to gain access to more than two million pages of documents. This archive includes information relating to UFOs, the JFK Assassination, chemical, biological, and nuclear weapons, and top secret aircraft. He took the millions of pages, and over the course of more than two decades, has built an archive known around the world, as *The Black Vault*. *Inside The Black Vault: The Government’s UFO Secrets Revealed* takes you on a journey within the secret world of unidentified aerial phenomenon that has plagued the military since at least the 1940s. Declassified records prove that the UFO topic is one of the most highly classified and most elusive subjects the U.S. Government has ever dealt with. Each chapter explores various agencies and their documents, and Greenewald breaks down the meaning of why some of the most important documents are relevant to proving a massive cover-up. Along with declassified documents, Greenewald outlines the struggle it took him to get them. No other topic has proven so difficult, in more than 8,000 FOIA requests that he has filed. He explores why that might be and meets skeptics and debunkers head on, outlining why some of their more prominent rebuttals for it all cannot be true.

david grusch sunday interview: A.D. After Disclosure Richard Dolan, Bryce Zabel, 2012-05-22 What if the UFO cover-up is real and what if it ended? After Disclosure poses this fascinating question and looks at the societal consequences of such a revelation. Richard Dolan and Bryce Zabel have produced a thoughtful and provocative analysis that goes well beyond the usual scope of books on UFOs and alien life. —Nick Pope, Former Chief of UK Ministry of Defence UFO Desk What if UFO secrecy ended tomorrow? The transition from B.C. (Before Confirmation) to A.D. (After Disclosure) is the ultimate what if? scenario in which the calendar is reset and history begins again. This work of speculative non-fiction combines meticulous fact-finding from historian/researcher Richard M. Dolan and forward-leaning scenarios from journalist/screenwriter Bryce Zabel on the world's most mind-bending subject. The authors predict radical changes after official acknowledgment that at least some UFOs are intelligently controlled craft from somewhere other than Earth. A.D. After Disclosure isn't afraid to make mind-blowing, specific predictions, such as: Congress will hold Watergate-style hearings and ask secret-keepers, What did you know and when did you know it? The first decade A.D. (After Disclosure) will be like a high-tech 1960s, spawning massive cultural and societal change. Abductees will file a class-action suit against the government for withholding critical information. All the textbooks on planet Earth--from history to science--will need an immediate review. Whether disclosure leads to social panic or ushers in a new era of unity and peace, it will undoubtedly be a game-changing event.

david grusch sunday interview: Top Secret/Majic Stanton T. Friedman, 2005-07-29 Top Secret/Majic is the result of nuclear physicist and renowned UFO investigator Stanton T. Friedman's twenty-one year search for the truth about the mysterious Operation Majestic 12, President Truman's top-secret UFO investigation team. In this updated edition of his landmark book, he tells the incredible tale of the July, 1947 recovery of a crashed flying saucer near Roswell, New Mexico, and the establishment by President Truman of a truly all-star cast to deal with the saucer and its non-human inhabitants. The first four Directors of Central Intelligence, the first Secretary of Defense, and several outstanding scientists and military leaders were part of the team. Through painstaking research and startling evidence?including documents that have never before been published?Friedman effectively exposes the U.S. government's biggest-kept secret: a fifty-eight year UFO cover-up.

david grusch sunday interview: The Day After Roswell Philip Corso, 2012-12-11 Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

david grusch sunday interview: Psychic Warrior David Morehouse, 1998-01-15 This is the

true story of America's foremost psychic spy and the cover-up of the CIA's top-secret Stargate Program. In chilling detail, Morehouse describes his psychic espionage work as a remote viewer, from the shattering explosion of Pan Am Flight 103 to the choking smoke of Desert Storm, even further back in time to Hiroshima and the darkest days of Nazi Germany. And more startling is his account of the U.S. government, an organization bent on the destructive use of psychic powers. National publicity, including an Unsolved Mysteries segment, a two-part Fox-TV special and an author interview in George. Martin's Press.

david grusch sunday interview: *TRINITY* Jacques Vallée, Paola Leopizzi Harris, 2021-05-07 Hard evidence has existed since 1945 for the actual recovery of unidentified flying craft in the United States, according to a new research book, *TRINITY: The Best-Kept Secret* written by two seasoned analysts of the global patterns behind the UFO phenomenon. Italian investigative journalist Paola Leopizzi Harris and French-born information scientist Dr. Jacques F. Vallée have teamed up to uncover the details of a New Mexico crash in 1945, fully two years before the well-known incident at Roswell and the famous sighting by pilot Kenneth Arnold in 1947. Over several site investigation surveys Harris and Vallée reconstructed the historic observations by three witnesses, two of whom are still living, who described to them the circumstances of the crash, with details of the recovery of a nearly-intact flying vehicle and its occupants by an Army detachment. Combining their long experience in field research around the world, the authors have documented the step-by-step efforts by the military to remove the object, an avocado-shaped craft weighting several tons, from the property where it crash-landed during a storm. Surprisingly, the literature of the field only includes a few passing mentions about the case, and only one (foreign) TV documentary has mentioned it, but the correlation between the crash of the extraordinary object and the explosion of the first atom bomb at White Sands, less than 20 miles away, has been missed. Harris and Vallée suggest that the correlation is significant for physical, geographic and biological reasons, quite apart from the obvious strategic implications. The witnesses were able to observe not only the actual crash of the object on their property but every step of the military efforts to lift it and take it away. Fearing retaliation, they remained silent for some 60 years about what they had seen and done over those nine days at the site while the recovery was proceeding. When placed in the context of the history of chemical and physical analysis of retrieved UFO debris—an area where Harris and Vallée have long collaborated—the devices observed by the witnesses raise a number of very important scientific questions. The Honorable Paul Hellyer, former Minister of National Defence of Canada, has stated: Paola Harris and Jacques Vallée have spent much effort doing field research on location (...) It is now time that their discovery be revealed to the world.

david grusch sunday interview: Sekret Machines Book 1: Chasing Shadows Tom DeLonge, AJ Hartley, 2016-04-05 For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unrung—are forever changed by it, are a pilot, an heiress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

david grusch sunday interview: Lights in the Sky & Little Green Men Hugh Ross, Kenneth R. Samples, Mark Clark, 2002 Using extensive scientific background and knowledge of the Scriptures, the authors initiate a search for truth to answers about UFO sightings and extraterrestrial life.

That seed carries the sordid, conspiracy-riddled history of our institutions and corporations woven into its DNA. Ben Bowlin, Matt Frederick, and Noel Brown host the popular iHeart Media podcast, *Stuff They Don't Want You To Know*. They are experts at exploring, explaining, and interrogating today's emergent conspiracies—from chem trails and biological testing to the secrets of lobbying and the indisputable evidence of UFOs. david grusch sunday interview: Giving the Devil his Due Michael Shermer, 2020-04-09 Who is the 'Devil'? And what is he due? The Devil is anyone who disagrees with you. And what he is due is the right to speak his mind. He must have this for your own safety's sake because his freedom is inextricably tied to your own. If he can be censored, why shouldn't you be censored? If we put barriers up to silence 'unpleasant' ideas, what's to stop the silencing of any discussion? This book is a full-throated defense of free speech and open inquiry in politics, science, and culture by the New York Times bestselling author and skeptic Michael Shermer. The new collection of essays and articles takes the Devil by the horns by tackling five key themes: free thought and free speech, politics and society, scientific humanism, religion, and the ideas of controversial intellectuals. For our own sake, we must give the Devil his due.

david grusch sunday interview: Chicago Television Daniel Berger, Steve Jajkowski, 2010-01-01 The history of television in Chicago begins with the birth of the medium and is defined by the city's pioneering stations. WBKB (now WLS-TV) was the principal innovator of the Chicago School of Television, an improvisational production style that combined small budgets, personable talent, and the creative use of scenery and props. WNBQ (now WMAQ-TV) expanded the innovative concept to a wider audience via the NBC network. WGN-TV scored with sports and kids. Strong personalities drove the success of WBBM-TV. A noncommercial educational station, WTTW, and the city's first UHF station, WCIU, added diversity and ethnic programming. The airwaves in Chicago have been home to a wealth of talented performers and iconic programs that have made the city one of the country's greatest television towns. *Chicago Television*, featuring photographs from the archives of the Museum of Broadcast Communications (MBC) and the collections of local stations and historians, gives readers a front-row seat on a journey through the first 50 years of Chicago television, 1940-1990. Founded in 1982 by broadcaster Bruce DuMont, the MBC Web site offers over 10,000 digital assets.

david grusch sunday interview: *Information and Communication in Economics* Robert E.

Babe, 1993-11-30 Although there is a burgeoning interest among economists in 'information economics', much of the literature adopts a reductionist conceptualization of information, defining it exclusively as reduction in uncertainty, exploring the implications of imperfect information on markets. This neoclassical treatment obscures major interrelations between economic and communicatory processes. Drawing on a range of distinguished scholarship from both the economic and communication studies disciplines, *Information and Communication in Economics* explores the implications for economic analysis and our understanding of economic processes of employing a more complete conceptualization of information: information as locus of power; information as evolutionary agent; and media systems as devices for control.

david grusch sunday interview: *Hunt for the Skinwalker* Colm A. Kelleher, George Knapp, 2005-12-06 The author of the controversial bestseller *Brain Trust* brings his scientific expertise to the chilling true story of unexplained phenomena on Utah's Skinwalker Ranch -- and challenges us with a new vision of reality. For more than fifty years, the bizarre events at a remote Utah ranch have ranged from the perplexing to the wholly terrifying. Vanishing and mutilated cattle. Unidentified Flying Objects. The appearance of huge, otherworldly creatures. Invisible objects emitting magnetic fields with the power to spark a cattle stampede. Flying orbs of light with dazzling maneuverability and lethal consequences. For one family, life on the Skinwalker Ranch had become a life under siege by an unknown enemy or enemies. Nothing else could explain the horrors that surrounded them -- perhaps science could. Leading a first-class team of research scientists on a disturbing odyssey into the unknown, Colm Kelleher spent hundreds of days and nights on the Skinwalker property and experienced firsthand many of its haunting mysteries. With investigative reporter George Knapp -- the only journalist allowed to witness and document the team's work -- Kelleher chronicles in superb detail the spectacular happenings the team observed personally, and the theories of modern physics behind the phenomena. Far from the coldly detached findings one might expect, their conclusions are utterly hair-raising in their implications. Opening a door to the unseen world around us, *Hunt for the Skinwalker* is a clarion call to expand our vision far beyond what we know.

david grusch sunday interview: Fundamentalism and Gender, 1875 to the Present Margaret Lamberts Bendroth, 1996-08-28 This text depicts the long-running battle within the fundamentalist movement over the roles of men and women both within the church and outside it. david grusch sunday interview: *The God Makers* Ed Decker, Dave Hunt, 1997-11-15 "This book is dynamite! The most powerful thing I've read on the subject. Get your Mormon friends to read it." —Dr. John MacArthur Pastor-Teacher, Grace Community Church, CA Mormons claim to follow the same God and the same Jesus as Christians. They also state that their gospel comes from the Bible. But are they telling the truth? *The God Makers*, one of the most powerful books to penetrate the veil of secrecy surrounding the rituals and doctrines of the Mormon Church, reveals the inner workings and beliefs of Mormonism. Through personal interviews and well-documented evidence, you'll discover the true nature of the Church of Jesus Christ of Latter-day Saints and its hidden worldwide agenda.

david grusch sunday interview: *The Myth and Mystery of UFOs* Thomas E. Bullard, 2016-10-17 When United Airlines workers reported a UFO at O'Hare Airport in November 2006, it was met with the typical denials and hush-up that usually accompany such sightings. But when a related story broke the record for hits at the Chicago Tribune's website, it was clear that such unexplained objects continued to occupy the minds of fascinated readers. Why, wonders Thomas Bullard, don't such persistent sightings command more urgent attention from scientists, scholars, and mainstream journalists? The answer, in part, lies in Bullard's wide-ranging magisterial survey of the mysterious, frustrating, and ever-evolving phenomenon that refuses to go away and our collective efforts to understand it. In his trailblazing book, Bullard views those efforts through the lens of mythmaking, discovering what UFO accounts tell us about ourselves, our beliefs, and the

possibility of visitors from beyond. Bullard shows how ongoing grassroots interest in UFOs stems both from actual personal experiences and from a cultural mythology that defines such encounters as somehow alien-and how it views relentless official denial as a part of conspiracy to hide the truth. He also describes how UFOs have catalyzed the evolution of a new but highly fractured belief system that borrows heavily from the human past and mythic themes and which UFO witnesses and researchers use to make sense of such phenomena and our place in the cosmos. Bullard's book takes in the whole spectrum of speculations on alien visitations and abductions, magically advanced technologies, governmental conspiracies, varieties of religious salvation, apocalyptic fears, and other paranormal experiences. Along the way, Bullard investigates how UFOs have inspired books, movies, and television series; blurred the boundaries between science, science fiction, and religion; and crowded the Internet with websites and discussion groups. From the patches of this crazy quilt, he posits evidence that a genuine phenomenon seems to exist outside the myth. Enormously erudite and endlessly engaging, Bullard's study is a sky watcher's guide to the studies, stories, and debates that this elusive subject has inspired. It shows that, despite all the competing interests and errors clouding the subject, there is substance beneath the clutter, a genuinely mysterious phenomenon that deserves attention as more than a myth.

david grusch sunday interview: *Mel-Khyor* Malcolm Brenner, 2016-10-15 An investigative reporter tries to figure out if his new wife's story of an alien encounter is truth or fantasy.

david grusch sunday interview: *The Gray Lady Winked* Ashley Rindsberg, 2021-05-03 Think a newspaper can't be responsible for mass murder? Think again. As flagship of the American news media, the New York Times is the world's most powerful news outlet. With thousands of reporters covering events from all corners of the globe, the Times has the power to influence wars, foment revolution, shape economies and change the very nature of our culture. It doesn't just cover the news: it creates it. *The Gray Lady Winked* pulls back the curtain on this illustrious institution to reveal a quintessentially human organization where ideology, ego, power and politics compete with the more humble need to present the facts. In its 10 gripping chapters, *The Gray Lady Winked* offers readers an eye-opening, often shocking, look at the New York Times's greatest journalistic failures, so devastating they changed the course of history. How its World War II Berlin bureau chief, a known Nazi collaborator, skewed coverage in favor of the Third Reich for over a decade. Its notorious coverup of the Ukraine Famine, a genocide committed by Stalin, showing that it was the newspaper's owners who directed the coverup in order to advance their own financial and ideological interests. The "1619 Project, a cynical, ideologically driven attempt to revise American history by rooting the nation's birth in slavery instead of liberty. The result is an essential look at the tangled relationship between media, power and politics in a post-truth world told with novelistic flair to reveal a uniquely powerful institution's tortured relationship with the truth. Most importantly of all, *The Gray Lady Winked* presents a cautionary tale that shows what happens when the guardians of the truth abandon that sacred value in favor of self-interest and ideology—and what this means for our future as much as for our past.

david grusch sunday interview: *The Pentagon's Brain* Annie Jacobsen, 2015-09-15 Discover the definitive history of DARPA, the Defense Advanced Research Project Agency, in this Pulitzer Prize finalist from the author of the New York Times bestseller *Area 51*. No one has ever written the history of the Defense Department's most secret, most powerful, and most controversial military science R&D agency. In the first-ever history about the organization, New York Times bestselling author Annie Jacobsen draws on inside sources, exclusive interviews, private documents, and declassified memos to paint a picture of DARPA, or the Pentagon's brain, from its Cold War inception in 1958 to the present. david grusch sunday interview: *Making Contact* Alan Steinfeld, 2021-05-04 I feel it is one of the best approaches I have found to grasp the most jarring enigma humanity has ever faced.
—George Noory, host of Coast to Coast AM "We cannot separate the earth from its greater cosmic

environment. What is needed is a new story and Alan Steinfeld's *Making Contact* is part of that story." —Deepak Chopra, Author, *Total Meditation* How can we prepare for an event that is literally beyond anything humanity has ever faced? *Making Contact* presents multiple perspectives on what no longer can be denied: UFOs and their occupants are visiting our world. The book answers questions which remain in the wake of the recent Pentagon's disclosures as to who and why these beings are here. The volume contains original writings by the leading experts of the phenomena such as: Linda Moulton Howe, *Earthfiles* reporter, Whitley Strieber best-selling author of *Communion*, Professor John E. Mack, former head of the Harvard Medical school of psychiatry and an alien abduction investigator, Darryl Anka internationally known for his communication with the extraterrestrial Bashar, Nick Pope, former UK Ministry of Defense UFO investigator, Grant Cameron expert on American presidents and UFOs, Drs. J.J. and Desiree Hurtak, globalists and founders of the worldwide organization, The Academy for Future Science, Caroline Cory, director of *Superhuman* and *ET: Contact*, Mary Rodwell, author of the *New Human* about star-seed children, Henrietta Weekes, actress and writer, expressing the poetic aspects of making contact. Alan Steinfeld, contributes and curates the collection with 30 years of experience with the subject. The Foreword by George Noory of *Coast to Coast AM* kicks off the volume with his veteran overview of the need to wake up to the "new realities of extraterrestrial existence." At this critical juncture in the government's official acknowledgement of the reality of UFOs/UAPs, scientists, politicians and mainstream news outlets have no idea what to make of these startling revelations or the outpouring of sightings and "contact" experiences currently being reported on a global scale. The book stands as the most comprehensive clarification to date on the intent and intelligence behind the phenomena. The variety of viewpoints expressed in the volume provide a solid foundation for the "preparation" of the greatest challenge to ever face humankind. *Making Contact* stands as the essential handbook for embracing the most exalted moment in history: Meeting the cosmic others.

david grusch sunday interview: Growing Up in the Orgone Box Malcolm Brenner, 2014-02-14 A memoir of growing up in a pseudo-scientific cult in the 1950's and 1960's and how it affected the author.

david grusch sunday interview: The Alien Agendas Richard Dolan, 2020-11-17 Of the many books on UFOs and aliens, this one may be unique. Richard Dolan, one of the world's leading historians of the UFO subject, has analyzed the different alien types and agendas based on longstanding patterns observed by witnesses. This is both a careful review of the best evidence we have of human-alien interaction, as well as a bold speculation of just who the aliens are and what they want. Dolan's analysis starts with our ancient pre-history and potential genetic modifications and monitoring by extraterrestrials. He also studies the long history of interaction with perfectly human-looking beings who somehow did not seem as though they were from here. Such interactions have continued through the present day. Who are these beings? He also analyzes reports of gray aliens and other types, including reptilian types, insectoid types, hybrid beings, and a range of others. With a view toward understanding their psychology, their technological capabilities, and the nature of their interactions with people, he speculates as to what ultimate plans may be. He argues that the alien presence is especially important now. This is because of the rapid transformation of human civilization into something we have never before experienced. We still don't have a proper name for what we are going through, but it includes a combination of radical new technologies with a new social order that ultimately might make human civilization much more like the societies that these other beings already have. One that combines a tightly centralized and controlled social order with sophisticated science and technology.

david grusch sunday interview: Passion of the Western Mind Richard Tarnas, 2011-10-19 [This] magnificent critical survey, with its inherent respect for both the 'West's mainstream high culture' and the 'radically changing world' of the 1990s, offers a new breakthrough for lay and scholarly readers alike....Allows readers to grasp the big picture of Western culture for the first time. SAN FRANCISCO CHRONICLE Here are the great minds of Western civilization and their pivotal ideas, from Plato to Hegel, from Augustine to Nietzsche, from Copernicus to Freud. Richard Tarnas

performs the near-miracle of describing profound philosophical concepts simply but without simplifying them. Ten years in the making and already hailed as a classic, *THE PASSION OF THE WESTERN MIND* is truly a complete liberal education in a single volume.

david grusch sunday interview: *The Cryptoterrestrials* Mac Tonnies, 2013-08 What if the aliens are not from other planets? In *THE CRYPTOTERRESTRIALS*, Mac Tonnies proposes that at least some accounts of alien visitation can be attributed to a humanoid species indigenous to the Earth, a sister race that has adapted to our numerical superiority by developing a surprisingly robust technology. At the same time, this groundbreaking work attempts to reconcile the mythological and contemporary accounts of little people into a coherent picture. For too long, we've called them 'aliens,' assuming that we represent our planet's best and brightest, writes Tonnies. Maybe that's exactly what they want us to think.

david grusch sunday interview: *Beyond the Bermuda Triangle* Bruce Gernon, Rob MacGregor, 2017-07-24 I didn't believe in time travel or teleportation until it happened to me. I'm Bruce Gernon, and I flew through the heart of the Bermuda Triangle before I'd even heard the term. Skeptics have dismissed the Triangle as a nonmystery, but they weren't in my airplane when the fog surrounded my craft and I leaped ahead 100 miles. I documented what happened and memorized every detail of that flight. Now I'm ready to explain that there is no Bermuda Triangle! Instead, there is a continuing mystery that has resulted in thousands of disappearances of crafts and loss of life over decades and centuries: a phenomenon I call electronic fog. In *Beyond the Bermuda Triangle*, Rob MacGregor and I present multiple cases of pilots and others who have experienced electronic fog in the air, in the water, and on land. We also examine UFO and USO cases and their possible relationship with space/time warps. Among the fascinating topics we explore: Time travel and teleportation. Lost crafts, including Flight 19. The Dragon's Triangle. The Underwater Area 51. The man who is building a warp drive. A remote viewer who takes on the Triangle.

david grusch sunday interview: *Between Two Fires* Joshua Yaffa, 2020-01-14 WINNER OF THE ORWELL PRIZE • NEW YORK TIMES EDITORS' CHOICE • "Unforgettable . . . a book about Putin's Russia that is unlike any other."—Patrick Radden Keefe, author of *Empire of Pain* From a Moscow correspondent for *The New Yorker*, a groundbreaking portrait of modern Russia and the inner struggles of the people who sustain Vladimir Putin's rule ONE OF THE BEST BOOKS OF THE YEAR—NPR, Kirkus Reviews In this rich and novelistic tour of contemporary Russia, Joshua Yaffa introduces readers to some of the country's most remarkable figures—from politicians and entrepreneurs to artists and historians—who have built their careers and constructed their identities in the shadow of the Putin system. Torn between their own ambitions and the omnipresent demands of the state, each walks an individual path of compromise. Some muster cunning and cynicism to extract all manner of benefits and privileges from those in power. Others, finding themselves to be less adept, are left broken and demoralized. What binds them together is the tangled web of dilemmas and contradictions they face. *Between Two Fires* chronicles the lives of a number of strivers who understand that their dreams are best—or only—realized through varying degrees of cooperation with the Russian government. With sensitivity and depth, Yaffa profiles the director of the country's main television channel, an Orthodox priest at war with the church hierarchy, a Chechen humanitarian who turns a blind eye to persecutions, and many others. The result is an intimate and probing portrait of a nation that is much discussed yet little understood. By showing how citizens shape their lives around the demands of a capricious and frequently repressive state—as often by choice as under threat of force—Yaffa offers urgent lessons about the true nature of modern authoritarianism. Praise for *Between Two Fires* "A deep and revealing portrait of life inside Vladimir Putin's Russia. . . . Yaffa mines a rich vein, describing his subjects' moral compromises and often ingenious ways of engaging a crooked bureaucracy to show how the Kremlin sustains its authoritarianism."—*The New York Times Book Review* "Few journalists have penetrated so deep and with so much nuance into the moral ambiguities of Russia. If you want insight into the deeper distortions the Kremlin causes in people's psyches this book is invaluable."—Peter Pomerantsev, author of *Nothing Is True and Everything Is Possible* "A stunning chronicle of Putin's

new Russia . . . It celebrates the vitality of the Russian people even as it explores the compromises and accommodations that they must make. . . . This embrace of contradictions is what makes *Between Two Fires* such a poignant and poetic book.”—Alex Gibney, *Air Mail*

david grusch sunday interview: [Our Mathematical Universe](#) Max Tegmark, 2015-02-03 Max Tegmark leads us on an astonishing journey through past, present and future, and through the physics, astronomy and mathematics that are the foundation of his work, most particularly his hypothesis that our physical reality is a mathematical structure and his theory of the ultimate multiverse. In a dazzling combination of both popular and groundbreaking science, he not only helps us grasp his often mind-boggling theories, but he also shares with us some of the often surprising triumphs and disappointments that have shaped his life as a scientist. Fascinating from first to last—this is a book that has already prompted the attention and admiration of some of the most prominent scientists and mathematicians.

david grusch sunday interview: [Dear Mister Rogers, Does It Ever Rain in Your Neighborhood?](#) Fred Rogers, 1996-08-01 Inspiring letters from the beloved host of PBS's *Mister Rogers' Neighborhood*, the subject of the acclaimed documentary *Won't You Be My Neighbor?* and a forthcoming biopic starring Tom Hanks Every question that a child or parent asks is important, and no one understood that better than Fred Rogers, the iconic television neighbor who visited our homes for decades. In this moving collection of letters to him and his replies, he encourages parents and teachers to cherish the questions and comments that come from children and crafts caring, thoughtful responses to them. With deep sensitivity and sincerity, he addresses real-life issues in chapters arranged by theme: his life, *Mister Rogers' Neighborhood*, feelings and fears, family relationships, and even grief. Drawing on a lifetime of studying and considering healthy child development, this unique gathering of correspondence offers a timeless guide to childhood as well as parenting. *Dear Mister Rogers* is an inspiration to parents and educators and a delight for all those interested in the unique way children see and wonder about the world.

david grusch sunday interview: [Contact with Beings of Light](#) Peter Guttilla, 2003 *Contact With Beings of Light* is truly an amazing tale of Dorothy Wilkinson-Izatt. Using an ordinary 8 mm movie camera she has filmed hundreds of sequences of unexplained, yet authenticated, pictures of UFOs, ETs, and anomalies. Dorothy Izatt is without peer anywhere on record in the world, even when compared to today's tabloid media with its endless loops of bizarre video footage from various places and people. Aside from the fact that electronically simulated video images aren't as yielding to analysis as the images in film photography, the obvious difference is that the footage derives from multiple sources. With Dorothy we have a credible, trustworthy, prolific source in one location - or in any location anywhere she chooses - willing to demonstrate the process for an observer. The author, Peter Guttilla has spent years sifting through photographs, movies, and taped interviews with Dorothy to produce an exceptional glimpse into her life's work.

It was the catalyst to tell the story he had to retire before he could tell.
