

Day In Music History

day in music history: *On this Day in Music History* Jay Warner, 2004 Brimming with fascinating trivia about popular music from rock and R&B to country.

day in music history: This Day in Music Neil Cossar, 2014-08 Births, deaths and marriages, No1 singles, drug busts and arrests, famous gigs and awards... all these and much more appear in this fascinating 50 year almanac. Using a page for every day of the calendar year, the author records a variety of rock and pop events that took place on a given day of the month across the years. This Day in Music is fully illustrated with hundreds of pictures, cuttings and album covers, making this the must-have book for any pop music fan.

day in music history: *On this Day in Black Music History* Jay Warner, 2006 From rhythm and blues to hip-hop and jazz, this chronicle covers more than 60 years of black music history and events with facts about hundreds of artists, from Count Basie to Queen Latifah.

day in music history: Music Is History Questlove, 2021-10-19 New York Times bestselling Music Is History combines Questlove's deep musical expertise with his curiosity about history, examining America over the past fifty years—now in paperback Focusing on the years 1971 to the present, Questlove finds the hidden connections in the American tapes, whether investigating how the blaxploitation era reshaped Black identity or considering the way disco took an assembly-line approach to Black genius. And these critical inquiries are complemented by his own memories as a music fan and the way his appetite for pop culture taught him about America. A history of the last half-century and an intimate conversation with one of music's most influential and original voices, Music Is History is a singular look at contemporary America.

day in music history: *The Queen Chronology (2nd Edition)* Patrick Lemieux, Adam Unger, 2018-04-11 REVISED & EXPANDED 2ND EDITION The Queen Chronology is a comprehensive account of the studio and live recording and release history of Freddie Mercury, Brian May, John Deacon and Roger Taylor, who joined forces in 1971 as the classic line-up of the rock band Queen. Years of extensive research have gone into the creation of the Chronology, which covers the very beginnings of band members' careers, their earliest songwriting efforts and recording sessions, through the recording and releasing of Queen's 15 original studio albums with their classic line-up, to the present-day solo careers of Brian May and Roger Taylor. All of this information is presented date by date in chronological order, with detailed descriptions of each song version, including those both released and known to be unreleased. Every Queen and solo album, single, non-album track, edit, remix and extended version is examined, as are known demos or outtakes, pre-Queen recordings and guest appearances.

day in music history: *A Century of Recorded Music* Timothy Day, 2000-01-01 Looks at the history of recording technology and its effect on music, including artistic performance, listening habits, and audience participation.

day in music history: Love Saves the Day Tim Lawrence, 2004-02-02 Opening with David Mancuso's seminal "Love Saves the Day" Valentine's party, Tim Lawrence tells the definitive story of American dance music culture in the 1970s—from its subterranean roots in NoHo and Hell's Kitchen to its gaudy blossoming in midtown Manhattan to its wildfire transmission through America's suburbs and urban hotspots such as Chicago, Boston, San Francisco, Los Angeles, Newark, and Miami. Tales of nocturnal journeys, radical music making, and polymorphous sexuality flow through the arteries of Love Saves the Day like hot liquid vinyl. They are interspersed with a detailed examination of the era's most powerful DJs, the venues in which they played, and the records they loved to spin—as well as the labels, musicians, vocalists, producers, remixers, party promoters, journalists, and dance crowds that fueled dance music's tireless engine. Love Saves the Day includes material from over three hundred original interviews with the scene's most influential players,

including David Mancuso, Nicky Siano, Tom Moulton, Loleatta Holloway, Giorgio Moroder, Francis Grasso, Frankie Knuckles, and Earl Young. It incorporates more than twenty special dj discographies—listing the favorite records of the most important spinners of the disco decade—and a more general discography cataloging some six hundred releases. Love Saves the Day also contains a unique collection of more than seventy rare photos.

day in music history: *The Rolling Stone Illustrated History of Rock & Roll* Anthony ed DeCurtis, James Henke, Holly George-Warren, 1992 Discusses the evolution of rock music from its earliest origins to today's most influential musical styles and performers

day in music history: *The Music History Classroom* Professor James A Davis, 2012-10-28 The Music History Classroom brings together essays written by recognized and experienced teachers to assist in the design, implementation, and revision of college-level music history courses. This includes the traditional music history survey for music majors, but the materials presented here are applicable to other music history courses for music majors and general education students alike, including period classes, composer or repertory courses, and special topics classes and seminars. The authors bring current thought on the scholarship of teaching and learning together with practical experience into the unique environment of the music history classroom. While many of the issues confronting teachers in other disciplines are pertinent to music history classes, this collection addresses the unique nature of musical materials and the challenges involved in negotiating between historical information, complex technical musical issues, and the aesthetics of performing and listening. This single volume provides a systematic outline of practical teaching advice on all facets of music history pedagogy, including course design, classroom technology, listening and writing assignments, and more. The Music History Classroom presents the 'nuts-and-bolts' of teaching music history suitable for graduate students, junior faculty, and seasoned teachers alike.

day in music history: *Music Through the Ages* Alfred Publishing Staff, Alfred Publishing, 2001-02 Wherever music is taught, this decorative timeline should be on the wall! This beautiful full-color banner is over 16 feet long! A handy teacher's reference booklet is included so the teacher can read composer information at a glance. There are five sections that may be displayed together or separately: 1) Late Renaissance / Baroque 2) Classical 3) Romantic 4) Early to Mid-Twentieth Century 5) Mid- to Late Twentieth Century. * Highlights music history from the Renaissance to present day * Includes classical, rock, pop, and jazz greats * Shows dates of famous composers and musicians * Describes briefly each person's importance in music history * Includes portraits or photographs of most musicians * Defines many musical terms to help beginning students * Decorates the classroom while educating at the same time * Provides a great reference to enhance other studies * Includes a handy teacher reference about the musicians.

day in music history: *The Complete Dusty Springfield* Paul Howes, Petula Clark, 2012-08-28 Drawing on meticulous archive research and interviews with Dusty's friends and collaborators, Paul Howes details every song in Dusty's entire catalogue. This revised edition of *The Complete Dusty Springfield* includes new chapters on the Lana Sisters and the Springfields, expanded entries on Dusty's solo tracks and an in-depth analysis of Dusty's live work for TV and radio.

day in music history: *The Greatest Music Stories Never Told* Rick Beyer, 2013-07-30 The author of the highly successful History Channel series *The Greatest Stories Never Told* returns with new historic tales, this time focusing on amazing music stories that aren't taught in the average classroom Rick Beyer plums the vast archives of the History Channel to deliver a treasure trove of obscure and fascinating stories to delight and entertain. *The Greatest Music Stories Never Told* continues the series tradition with short, fascinating tales accompanied by an array of stunning and diverse photographs from around the globe. *The Greatest Music Stories Never Told* illuminates the origins of a fascinating range of music topics, from instruments and styles to composers and technological advances—all which show us how little we really know. Guaranteed to astonish, bewilder, and stupefy, this all new volume will appeal not only to history buffs but to pop culture audiences and music fans of all ages and stripes.

day in music history: *Jethro Tull's Thick as a Brick and A Passion Play* Tim Smolko, 2013-10-07

Since the 1960s, British progressive rock band Jethro Tull has pushed the technical and compositional boundaries of rock music by infusing its musical output with traditions drawn from classical, folk, jazz, and world music. The release of *Thick as a Brick* (1972) and *A Passion Play* (1973) won the group legions of new followers and topped the Billboard charts in the United States, among the most unusual albums ever to do so. Tim Smolko explores the large-scale form, expansive instrumentation, and complex arrangements that characterize these two albums, each composed of one continuous song. Featuring insights from Ian Anderson and in-depth musical analysis, Smolko discusses the band's influence on popular culture and why many consider *Thick as a Brick* and *A Passion Play* to be two of the greatest concept albums in rock history.

day in music history: Iron Maiden Neil Daniels, 2012-07 Looks at the history of the British heavy metal band Iron Maiden from their formation in 1975 through 2011.

day in music history: Live Wires Dan Warner, 2017-10-15 We live in an electronic world, saturated with electronic sounds. Yet, electronic sounds aren't a new phenomenon; they have long permeated our sonic landscape. What began as the otherworldly sounds of the film score for the 1956 film *Forbidden Planet* and the rarefied, new timbres of Stockhausen's *Kontakte* a few years later, is now a common soundscape in technology, media, and an array of musical genres and subgenres. More people than ever before can produce and listen to electronic music, from isolated experimenters, classical and jazz musicians, to rock musicians, sound recordists, and the newer generations of electronic musicians making hip-hop, house, techno, and ambient music. Increasingly we are listening to electronic sounds, finding new meanings in them, experimenting with them, and rehearsing them as listeners and makers. *Live Wires* explores how five key electronic technologies—the tape recorder, circuit, computer, microphone, and turntable—revolutionized musical thought. Featuring the work of major figures in electronic music—including everyone from Schaeffer, Varèse, Xenakis, Babbitt, and Oliveros to Eno, Keith Emerson, Grandmaster Flash, Juan Atkins, and Holly Herndon—*Live Wires* is an arresting discussion of the powerful musical ideas that are being recycled, rethought, and remixed by the most interesting electronic composers and musicians today.

day in music history: *Love for Sale* David Hajdu, 2016-10-18 A personal, idiosyncratic history of popular music that also may well be definitive, from the revered music critic From the age of song sheets in the late nineteenth-century to the contemporary era of digital streaming, pop music has been our most influential laboratory for social and aesthetic experimentation, changing the world three minutes at a time. In *Love for Sale*, David Hajdu—one of the most respected critics and music historians of our time—draws on a lifetime of listening, playing, and writing about music to show how pop has done much more than peddle fantasies of love and sex to teenagers. From vaudeville singer Eva Tanguay, the “I Don’t Care Girl” who upended Victorian conceptions of feminine propriety to become one of the biggest stars of her day to the scandal of Blondie playing disco at CBGB, Hajdu presents an incisive and idiosyncratic history of a form that has repeatedly upset social and cultural expectations. Exhaustively researched and rich with fresh insights, *Love for Sale* is unbound by the usual tropes of pop music history. Hajdu, for instance, gives a star turn to Bessie Smith and the “blues queens” of the 1920s, who brought wildly transgressive sexuality to American audience decades before rock and roll. And there is Jimmie Rodgers, a former blackface minstrel performer, who created country music from the songs of rural white and blacks . . . entwined with the sound of the Swiss yodel. And then there are today’s practitioners of Electronic Dance Music, who Hajdu celebrates for carrying the pop revolution to heretofore unimaginable frontiers. At every turn, Hajdu surprises and challenges readers to think about our most familiar art in unexpected ways. Masterly and impassioned, authoritative and at times deeply personal, *Love for Sale* is a book of critical history informed by its writer's own unique history as a besotted fan and lifelong student of pop.

day in music history: *The Last Waltz of The Band* Neil Minturn, 2005 For Vol. 2 of the series CMS Sourcebooks in American Music, Neil Minturn acknowledges the phenomenon of rock and roll with a serious examination of Martin Scorsese's film, *THE LAST WALTZ* (1978), the celebrated

rockumentary that so artfully captured for posterity the final performance of The Band. From 1861 to 1976, this partnership of one American and four Canadians produced an impressive body of popular song in the rock idiom between 1961 and 1976. Joining its members for their farewell performance are a variety of guests, who, like The Band itself, reflected the rich array of traditions that have nourished rock and roll since its emergence. Minturn approaches the substance of the performances and the film itself in terms of intimacy and tradition. He presents the San Francisco concert as a summation of an extraordinary musical journey and prefaces his scene-by-scene analysis with a cogent introduction to documentary filmmaking. Selected performances are discussed in detail.

day in music history: The History of Classical Music For Beginners Endris, R. Ryan, 2014-10-07 Music history is nearly as old as human civilization itself, and while it has permeated the arts and popular culture for centuries, it still has a mystifying aura surrounding it. But fear not—it's not as complicated as it seems, and anyone can learn the origins and history of Western classical music. In addition to learning how better to understand (and enjoy!) classical music, *The History of Classical Music For Beginners* will help you learn some of the more interesting and sometimes comical stories behind the music and composers. For example: Did you know that Jean-Baptiste Lully actually died from conducting one of his own compositions? You may have heard of Gregorian chant, but did you know there are many forms of chant, including Ambrosian and Byzantine chant? And did you also know that only a small portion of "classical music" is even technically classical? These interesting, insightful facts and more are yours to discover in *The History of Classical Music For Beginners*.

day in music history: The Jan & Dean Record Mark A. Moore, 2016-03-14 Jan & Dean were among the most successful artists of the late 1950s through the mid-1960s, with hits including *Baby Talk*, *Surf City*, *Dead Man's Curve* and *The Little Old Lady* (From Pasadena). Slapstick humor and offbeat personas were a big part of their shtick, but Jan Berry was serious when it came to the studio. This book chronicles Jan's career as a songwriter and arranger--and his tenure as producer for Jan & Dean and other acts--with day-by-day entries detailing recording sessions, single and album releases, concerts and appearances, film and television projects, behind-the-scenes business and legal matters, chart positions and more. Extensive commentary from Berry's family, friends and colleagues is included. Studio invoices, contract details, tape box notes, copyright information and other particulars shed light on how music was made in the Hollywood studio system of the 1960s.

day in music history: Music DK, 2019-12-20 Who wrote the first true opera? Why did jazz go Latin? And how did blues influence rock? Find out in the story of how music has shaped the world. Music has the ability to evoke the full spectrum of human emotions, irrespective of the listener's culture or nationality. This groundbreaking ebook examines that shared experience - from prehistory to the present. A compelling and richly illustrated narrative, *Music* explores the roots of all genres from the chants of the middle ages through the grandeur of the classical period to the modern rhythms of blues, jazz, hip-hop, and pop. Spectacular galleries display families of instruments from around the world, while special features showcase the evolution of key instruments, such as the piano and the violin, and profile iconic innovators as diverse as Mozart, George Gershwin, and David Bowie. Charting every musical revolution, from bone flutes to electronica and from jazz to hip-hop, this visually stunning history will hit the right note with you, whether you are into pop or rock or disco or rap, classical or opera.

day in music history: *Music* Nicholas O'Neill, Susan Hayes, 2020 Follow this unique 8-ft fold-out timeline through the history of music from prehistoric flutes through Mozart and Louis Armstrong to BTS and Beyonce

day in music history: Race with the Devil Susan VanHecke, 2000-08-19 Famous for his classic hit 'Be-Bop-A-Lula,' Gene Vincent was one of the most influential rock 'n' roll artists of all time. This is the first American biography written of this rock pioneer and the most comprehensive account of his career and turbulent personal life. Adored by British and European fans, Gene Vincent moved to the UK in 1959 where his leather-clad, street-tough persona met with instant acclaim. The survivor

of the crash that killed Eddie Cochran, his closest friend, he was to die himself at just 36, a victim of torment and tragedy. Illustrated.

day in music history: Phil Lynott: The Rocker Mark Putterford, 2010-04-07 The definitive biography of Thin Lizzy's charismatic lead singer . Using dozens of interviews with family, friends and band members, Putterford gives a touching and sometimes shocking account of the life of the one and only black Irish rock legend.

day in music history: This Day in Rock John Tobler, 1993 This diary looks at what happened on each day of the year in rock music covering the years from 1955 to 1993. The book is packed with information about hundreds of rock figures - births, deaths, red-letter days and milestones. From the vintage rock 'n' rollers like Bill Haley and Elvis Presley, through the so-called British invasion of America in the 1960s, to psychaedia, heavy metal, Glam rock, punk and new romanticism, right up-to-date with rap and hip-hop.

day in music history: Country Music Dayton Duncan, Ken Burns, 2019-09-10 The rich and colorful story of America's most popular music and the singers and songwriters who captivated, entertained, and consoled listeners throughout the twentieth century--based on the upcoming eight-part film series to air on PBS in September 2019 This gorgeously illustrated and hugely entertaining history begins where country music itself emerged: the American South, where people sang to themselves and to their families at home and in church, and where they danced to fiddle tunes on Saturday nights. With the birth of radio in the 1920s, the songs moved from small towns, mountain hollers, and the wide-open West to become the music of an entire nation--a diverse range of sounds and styles from honky tonk to gospel to bluegrass to rockabilly, leading up through the decades to the music's massive commercial success today. But above all, Country Music is the story of the musicians. Here is Hank Williams's tragic honky tonk life, Dolly Parton rising to fame from a dirt-poor childhood, and Loretta Lynn turning her experiences into songs that spoke to women everywhere. Here too are interviews with the genre's biggest stars, including the likes of Merle Haggard to Garth Brooks to Rosanne Cash. Rife with rare photographs and endlessly fascinating anecdotes, the stories in this sweeping yet intimate history will captivate longtime country fans and introduce new listeners to an extraordinary body of music that lies at the very center of the American experience.

day in music history: All about . . . Crosswords, Vol 1: All about the History of Rock and Pop Music Donald Moore, 1994-02 From the Fifties to the Super Rock Stars, from the British Invasion to America's own most recently famous, these 20 puzzles present a broad overview. Special feature: permission is granted for reproducing the puzzles for in-class use! In addition to the puzzles, author Donald Moore includes instructions and use suggestions, helpful word lists, a bibliography and, at the end, complete solutions.

day in music history: The Musical Human Michael Spitzer, 2021-04-01 A RADIO 4 BOOK OF THE WEEK 'Full of delightful nuggets' Guardian online 'Entertaining, informative and philosophical ... An essential read' All About History 'Extraordinary range ... All the world and more is here' Evening Standard 165 million years ago saw the birth of rhythm. 66 million years ago came the first melody. 40 thousand years ago Homo sapiens created the first musical instrument. Today music fills our lives. How we have created, performed and listened to music throughout history has defined what our species is and how we understand who we are. Yet it is an overlooked part of our origin story. The Musical Human takes us on an exhilarating journey across the ages - from Bach to BTS and back - to explore the vibrant relationship between music and the human species. With insights from a wealth of disciplines, world-leading musicologist Michael Spitzer renders a global history of music on the widest possible canvas, from global history to our everyday lives, from insects to apes, humans to artificial intelligence. 'Michael Spitzer has pulled off the impossible: a Guns, Germs and Steel for music' Daniel Levitin 'A thrilling exploration of what music has meant and means to humankind' Ian Bostridge

day in music history: A History of Music for Children Mary Richards, David Schweitzer, 2021-09-21 A global history of music for children, celebrating how and why we make music. Embark

on a musical journey around the world to meet the diverse cast of composers, musicians, and performers who are famous for making the music we love. From Johann Sebastian Bach to Billie Eilish, Hildegard of Bingen to DJ Kool Herc, Wolfgang Mozart to Miriam Makeba, musicians come from many different times and places and introduce music from a wide variety of genres. Why do we make music? How does music affect our brains and emotions? These are just some of the fascinating questions addressed in *A History of Music for Children*, which looks at music's transnational and boundary-breaking qualities. All over the world and throughout time, music has been recorded and passed down through different oral traditions and forms of notation. It has always been a powerful catalyst for change and connecting people. And what might the future of music hold? Exploring the technology used to listen to and create music, the authors imagine new possibilities such as computer-generated compositions and robot musicians. Woven into this absorbing narrative is a stellar cast of musicians, including Mozart and his sister Maria Anna, Clara Schumann, Maria Callas, Bob Dylan, Ravi and Anoushka Shankar, David Bowie, Nina Simone, Charlie Parker, Kraftwerk, John Cage, Beyoncé, and Mali griot Toumani Diabaté, among others. This book even includes a playlist of songs that you can listen to as you read.

day in music history: *Life After Dark* Dave Haslam, 2015-08-13 Nightclubs and music venues are often the source of a lifetime's music taste, best friends and vivid memories. They can define a town, a city or a generation, and breed scenes and bands that change music history. In *Life After Dark* Dave Haslam reveals and celebrates a definitive history of significant venues and great nights out. Writing with passion and authority, he takes us from vice-ridden Victorian dance halls to acid house and beyond; through the jazz decades of luxurious ballrooms to mods in basement dives and the venues that nurtured the Beatles, the Stones, Northern Soul and the Sex Pistols; from psychedelic light shows to high street discos; from the Roxy to the Hacienda; from the Krays to the Slits; and from reggae sound systems to rave nights in Stoke. In a journey to dozens of towns and cities, taking in hundreds of unforgettable stories on the way, Haslam explores the sleaziness, the changing fashions, the moral panics and the cultural and commercial history of nightlife. He interviews clubbers and venue owners, as well as DJs and musicians; he meets one of the gangsters who nearly destroyed Manchester's nightlife and discusses Goth clubs in Leeds with David Peace.

day in music history: *Beatleness* Candy Leonard, 2016-07-05 "A must-have for Beatles fans looking for new insight . . . Leonard uncovers fresh ideas [that] . . . six decades of Beatles literature passed over. —The Spectrum Part generational memoir and part cultural history of the sixties, *Beatleness* is the first book to tell the story of the Beatles and their impact on America from the fans' perspective. When the Beatles arrived in the United States on February 7, 1964, they immediately became a constant, compelling presence in fans' lives. For the next six years, the band presented a nonstop deluge of steadily evolving sounds, ideas, and images that transformed the childhood and adolescence of millions of baby boomers and nurtured a relationship unique in history. Exploring that relationship against the backdrop of the sexual revolution, political assassinations, the Vietnam War, and other events, *Beatleness* examines critically the often-heard assertion that the Beatles "changed everything" and shows how—through the interplay between the group, the fans, and the culture—that change came about. *Beatleness* incorporates hundreds of hours of in-depth fan interviews and includes many fan vignettes. Offering a fresh perspective and new insights on the Beatles phenomenon, it allows readers to experience—or re-experience—what it was like to be a young person during those transformative years.

day in music history: *History of Rock 'n' Roll in Ten Songs* Greil Marcus, 2014-09-02 The legendary critic and author of *Mystery Train* "ingeniously retells the tale of rock and roll" (Publishers Weekly, starred review). Unlike previous versions of rock 'n' roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock 'n' roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. "Transmission" by Joy Division. "All I Could Do Was Cry" by Etta James and then Beyoncé. "To Know Him Is to Love Him," first by the Teddy Bears and almost half a century later by

Amy Winehouse. In Marcus's hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. "One of the epic figures in rock writing."—The New York Times Book Review "Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it."—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers

day in music history: The Elvis Archives Todd Slaughter, Anne E. Nixon, 2014-02-20 An exclusive account of the extraordinary life of Elvis Aaron Presley. This details the undisputed facts of Elvis' life and career and is illustrated with over 100 rare and exclusive photographs. Elvis was often thought to be a recluse, but these photographic records shows Elvis meeting and mixing with some of the most famous and influential people of our time. Pop stars, politicians and presidents all wanted to meet The King and this picture portfolio details many of those exciting moments.

day in music history: Elvis Presley Steve Templeton, 2002 A collection of movie posters that spans Elvis' film career. This work includes background information about each movie, along with specific information about each poster style and pricing.

day in music history: 1965 Andrew Grant Jackson, 2015-02-03 "For music lovers who were there and for those who wish they were, the book is a well-researched cultural history that leaves no rolling stone unturned." —Huffington Post Friendly rivalry between musicians turned 1965 into the year rock evolved into the premier art form of its time and accelerated the drive for personal freedom throughout the Western world. The Beatles made their first artistic statement with Rubber Soul. Bob Dylan released "Like a Rolling Stone, arguably the greatest song of all time, and went electric at the Newport Folk Festival. The Rolling Stones's "Satisfaction" catapulted the band to world-wide success. New genres such as funk, psychedelia, folk rock, proto-punk, and baroque pop were born. Soul music became a prime force of desegregation as Motown crossed over from the R&B charts to the top of the Billboard Hot 100. Country music reached new heights with Nashville and the Bakersfield sound. Musicians raced to innovate sonically and lyrically against the backdrop of seismic cultural shifts wrought by the Civil Rights Movement, Vietnam, psychedelics, the Pill, long hair for men, and designer Mary Quant's introduction of the miniskirt. In 1965, Andrew Grant Jackson combines fascinating and often surprising personal stories with a panoramic historical narrative. "Jackson has a better ear than a lot of music writers, and one of the best parts of this book is his many casual citings of songs that echo others . . . [He] show[s] us the familiar through fresh eyes, as . . . he returns us to a year when a lot of us were young and poor and not as happy as we thought we were, yet there was always a great song on the radio." —Washington Post

day in music history: Billy Joel Hank Bordowitz, 2011-03-01 (Book). Billy Joel: The Life and Times of an Angry Young Man is a look at the superstar's entire career, including his troubled youth as a gang member; the controversy surrounding his first hit, Captain Jack; his legal problems; his storied marriage with Christie Brinkley; and his continued artistic frustration. The Beatles did 'Michelle' and 'Yesterday,' he has said. They also did 'Revolution' and 'Helter Skelter' and they weren't pegged as balladeers. But because I had hit singles that were ballads, I became known as a balladeer. I've always resented it. Joel one of the top ten touring takes of the decade has continued his standing road date with Elton John on the never-ending Two Pianos tour.

day in music history: Burt Bacharach: Song By Song Serene Dominic, 2003-12-01 Best known as the composer of such hits as Dionne Warwick's Walk On By, Dusty Springfield's The Look of Love, and the Carpenters' Close to You, Burt Bacharach wrote the music for over 700 published songs and has been recorded by some 2,000 artists - from Frank Sinatra and Elvis Presley to the Beatles and the Supremes. Song By Song is a witty, cheeky song-by-song journey through

Bacharach's vast recorded oeuvre, from Nat King Cole's little-known 1952 version of 'Once in a Blue Moon' to Burt's recent collaborations with Elvis Costello, Lyle Lovett and Chicago.

day in music history: Encyclopedia of Pop Music Aliases, 1950-2000 Bob Leszczak, 2014-12-11 Recording Artists don't always enjoy success with their first release. A hit record relies on any number of factors: the right song, a memorable performance, a healthy promotional budget, great management, a spot of luck, and even some intangibles. Take choice of a name. For a single artist, duo, vocal group or band, the name can carry a lot of weight. Some recording artists changed their name to appeal to an entirely different demographic, like when country superstar Garth Brooks recorded as Chris Gaines to score on the pop charts. The Beefeaters became the Byrds—and they spelled the band name with a y in the wake of the meteoric success of the Beatles, whose letter A turned the image of a nasty bug into something intriguing. Paul Simon and Art Garfunkel amassed a litany of aliases—Simon went by True Taylor, Jerry Landis, and Paul Kane; Art Garfunkel as Artie Garr; together they were Tom & Jerry before finally using their very ethnic-sounding given names. Bob Leszczak has amassed several hundred examples of musical pseudonyms in *The Encyclopedia of Pop Music Aliases, 1950-2000*, describing the history of these artists from their obscure origins under another name to their rise to prominence as a major musical act. Music trivia buffs, rock historians, and popular music fans will uncover nugget after nugget of eye-opening information about their favorite acts and perhaps learn a thing or two about a number of other acts. Leszczak goes the extra yard of gathering critical data directly from many of these famous recording artists through in-person interviews and archival research. Whether skipping around randomly or reading from cover-to-cover, readers will find *The Encyclopedia of Pop Music Aliases, 1950-2000* a must-have for that music library.

day in music history: Understanding Music N. Alan Clark, Thomas Heflin, Jeffrey Kluball, 2015-12-21 Music moves through time; it is not static. In order to appreciate music we must remember what sounds happened, and anticipate what sounds might come next. This book takes you on a journey of music from past to present, from the Middle Ages to the Baroque Period to the 20th century and beyond!

day in music history: The Music History Classroom James A. Davis, 2016-02-17 The Music History Classroom brings together essays written by recognized and experienced teachers to assist in the design, implementation, and revision of college-level music history courses. This includes the traditional music history survey for music majors, but the materials presented here are applicable to other music history courses for music majors and general education students alike, including period classes, composer or repertory courses, and special topics classes and seminars. The authors bring current thought on the scholarship of teaching and learning together with practical experience into the unique environment of the music history classroom. While many of the issues confronting teachers in other disciplines are pertinent to music history classes, this collection addresses the unique nature of musical materials and the challenges involved in negotiating between historical information, complex technical musical issues, and the aesthetics of performing and listening. This single volume provides a systematic outline of practical teaching advice on all facets of music history pedagogy, including course design, classroom technology, listening and writing assignments, and more. The Music History Classroom presents the 'nuts-and-bolts' of teaching music history suitable for graduate students, junior faculty, and seasoned teachers alike.

day in music history: Music History Super Review , Get all you need to know with Super Reviews! Each Super Review is packed with in-depth, student-friendly topic reviews that fully explain everything about the subject. The Music History Super Review covers evolution of instruments, song, classic composers and their compositions, music's influence throughout the centuries, and more!
